Considering Christianity:

Seven Reasons to (Re)Consider Christianity Ben Shaw, 2021-05-01 Examine the evidence for Christianity and why it is worth considering Lots of people assume that Christianity is simply a nice story for kids or a niche hobby for weirdos or worse unattractively restrictive In this book Ben Shaw invites sceptical readers to think again He outlines seven reasons why Christianity is worth considering or reconsidering not least because it offers some thought provoking and rational answers to our deepest questions This warm honest book shows that the Christian message is both more credible and more wonderful than we might have otherwise thought and calls readers to investigate the person of Jesus for themselves Considering Christianity Ty Saltzgeber, 1988

The Routledge Handbook of Early Christian Philosophy Mark Edwards, 2020-11-29 This volume offers the most comprehensive survey available of the philosophical background to the works of early Christian writers and the development of early Christian doctrine It examines how the same philosophical questions were approached by Christian and pagan thinkers the philosophical element in Christian doctrines the interaction of particular philosophies with Christian thought and the constructive use of existing philosophies by all Christian thinkers of late antiquity While most studies of ancient Christian writers and the development of early Christian doctrine make some reference to the philosophic background this is often of an anecdotal character and does not enable the reader to determine whether the likenesses are deep or superficial or how pervasively one particular philosopher may have influenced Christian thought This volume is designed to provide not only a body of facts more compendious than can be found elsewhere but the contextual information which will enable readers to judge or clarify the statements that they encounter in works of more limited scope With contributions by an international group of experts in both philosophy and Christian thought this is an invaluable resource for scholars of early Christianity Late Antiquity and ancient philosophy alike Hinduism and Christianity Panikkar, Raimon, 2019-06-26 The latest volume in the complete works of the internationally renowned philosopher of religion Raimon Panikkar

Flirting with Universalism, 2nd Edition Dennis Jensen, 2024-07-16 It s likely the most difficult problem in the Christian faith It was a major reason that Bertrand Russell John Stuart Mill and countless others rejected Christianity It was an ax that began to chip away at Charles Darwin s early faith How could he accept that some of his closest relatives and loved ones would be spending an eternity in agonizing torment Yet the Christian doctrine of an everlasting hell of unmitigated pain turns out to be completely unwarranted biblically A close examination of the Bible demonstrates this but it also rejects any form of universalism that trivializes personal obligations to God The first edition of *Flirting with Universalism* looked at the biblical and philosophical evidence behind the various Christian views of the afterlife of those who reject their God universalism eternalism or traditionalism and annihilationism The second edition covers additional important arguments It concludes by taking a position between universalism and traditionalism God will forever honor the final choices of those who reject God and yet in the end all things will be reconciled to God The Bible affirms the goodness justice and love of God

The Truth of Christianity William Harry Turton, 1907 **Longing to Know** Esther Lightcap Meek, 2003-07-01
We don't often think about the act of knowing but if we do the question of what we know and how we know it becomes murky indeed Longing to Know is a book about knowing knowing how we know things knowing how we know people and knowing how we know God This book is for those who are considering Christianity for the first time as well as Christians who are struggling with issues related to truth certainty and doubt As such it is a wonderful resource for evangelists pastors and counselors This unique look at the questions of knowing is both entertaining and approachable Questions for reflection make it ideal for students of philosophy and all those wrestling with the questions of knowledge

(Re)considering Christianity
Ron Rude, 2012-10-10 In a world where too many scientists and theologians consider the other as misguided or irrelevant Ron Rude combines a deep reverence for both disciplines showing them to be complimentary rather than conflicted Then in the tradition of a Biblical prophet he challenges Christians to reframe their doctrinal narratives and join scientists and indeed all people in rediscovering God's original creation plan where all life and even the reality of death work together allowing us to thrive in a sustainable shared existence In writing Re considering Christianity Rude boldly challenges humanity's selfish exceptionalism that is quickly leading our world to destruction yet he again in the tradition of the prophets never loses hope Tim Rauk pastor and teacher For the person considering the Christian faith for the first time especially one with a scientific background Re considering Christianity will portray a version of God's story of life and God's story of Jesus that takes modern understandings of astronomy geology and biology seriously And for the person who may have been practicing the Christian faith for years but today no longer finds the old foundational understandings believable or sufficient this work will aid the tough process of uncovering reconsidering and beginning to live Christianity's deeper and wider story message claim

Thoughts on Religion George John Romanes,1895 *How Christians Can Succeed Today* Greg Sheridan,2025-09-02

Rediscovering the radical transcendent and downright weird message of Jesus *How Christians Can Succeed Today* is the third title in Greg Sheridan s bestselling trilogy about Christianity in the modern world A grace filled God filled book of truth and wonder and the glorious mystical experience of faith Stan Grant Inspiring and engrossing Richard Glover A trustworthy and encouraging blueprint for Christians everywhere Anthony Fisher The first Christians confronted a cultural environment vastly more hostile than today s They had no powerful backers very little money and numbered no more than a few hundred Yet they revolutionised the ancient world and spread their movement far and wide There is a deep pervasive crisis of meaning and purpose across all Western societies today Greg Sheridan encourages us to listen to the voices of the early Christians and emulate their commitment integrity resilience and smarts He shows how early Christians built communities met persecution with courage and grace dispensed universal mercy during plagues pioneered equality for women and redefined the nature and purpose of the human experience always with Jesus Christ at the centre of their lives He also charts the journeys of modern Christians who live by those same values today Leila and Danny Abdallah who met great suffering with great forgiveness young people making a radical commitment to faith country pastors and Christians inspired to welcome and help the homeless He profiles cultural leaders who communicate Christianity with great effect including Marilynne Robinson Jordan Peterson Bishop Robert Barron Pastor Mark Varughese former US Vice President Mike Pence and Dallas Jenkins the creator of *The Chosen* television series It s a powerful and inspiring message of what living Jesus centric lives seeing God in every human being and finding access to the transcendent can mean for ordinary people It could once again transform our fractious polarised world A wonderful mix of historical observation social commentary and moving interviews Michael Bird A clarion call to return to the raw revolutionary faith of the early church Russell Evans

The Place of Judaism in the Religions of the World Claude Goldsmid Montefiore,1916 **Blessed Assurance? A Demonstration That Christian Fundamentalism Is Simply False** Michael Tenenbaum,2007-07 BLESSED ASSURANCE is a powerful and compelling book Biblical errors are discussed with understanding of how Christian apologists and theologians think and respond Extra attention is given to errors that are undeniable I had yet to encounter several of them elsewhere Tenenbaum s treatment is in depth yet readable By the time you re done with the chapters on doctrine it will be clear that biblical Christianity is incoherent at its core This book is as valuable for its communicating style and process of thinking as it is for the potent case it makes It will help atheists better understand how Christians think and what sort of points are most likely to get thru to them It will help Ex Christians to reinforce their conclusion that the faith is false It will help Christians to grow out of their faith or perhaps strengthen it despite an avalanche of evidence STRONGLY RECOMMENDED
