Consolidating the Third Wave Democracies Larry Diamond, Marc F. Plattner, Yun-han Chu, Hung-mao Tien, 1997-09-08 An in depth analysis of the struggle to consolidate new and fragile democracies available in two paperback volumes for course use The global trend that Samuel P Huntington has dubbed the third wave of

democratization has seen more than 60 countries experience democratic transitions since 1974. While these countries have succeeded in bringing down authoritarian regimes and replacing them with freely elected governments, few of them can as yet be considered stable democracies. Most remain engaged in the struggle to consolidate their new and fragile democratic institutions.

Consolidating the Third Wave Democracies provides an in-depth analysis of the challenges that they face. *Consolidating the Third Wave Democracies* is available in two paperback volumes, each introduced by the editors and organized for convenient course use. The first paperback volume, *Themes and Perspectives*, addresses issues of institutional design, civil-military relations, civil society, and economic development. It brings together some of the world's foremost scholars of democratization, including Robert A. Dahl, Samuel P. Huntington, Juan J. Linz, Guillermo O'Donnell, Adam Przeworski, Philippe C. Schmitter, and Alfred Stepan. The second paperback volume, *Regional Challenges*, focuses on developments in Southern Europe, Latin America, Russia, and East Asia, particularly Taiwan and China. It contains essays by leading regional experts, including Yun-han Chu, P. Nikiforos Diamandouros, Thomas B. Gold, Michael McFaul, Andrew J. Nathan, and Hung-mao Tien.

The Ombudsman, Good Governance and the International Human Rights System Linda C. Reif, 2013-12-19. This book uses comparative law and comparative international law approaches to explore the role of human rights ombuds, classic-based ombuds, and other types of ombuds institutions in human rights protection and promotion, their methods of application of international and domestic human rights law, and their roles in strengthening good governance. It highlights the increasing importance of national human rights ombuds institutions globally and their roles as national human rights institutions (NHRIs). Chapters address ombuds institutions as mechanisms to strengthen democratic horizontal and vertical accountability, the rule of law, and good governance; national human rights ombuds institutions as NHRIs; the investigatory, litigation, promotional, and other powers of human rights ombuds; and classic-based ombuds and their methods for applying international and domestic human rights law. Ombuds institutions and the protection and promotion of international children's rights; national human rights ombuds; additional mandates as OPCAT national preventive mechanisms; UN Convention on the Rights of Persons with Disabilities Article 33.2 framework mechanisms; and EU national equality bodies; human rights ombuds and business and human rights ombuds institutions; gender and women's rights; the European Ombudsman and human rights; national human rights ombuds and other ombuds models by region, accompanied by case studies on national human rights ombuds and the legal and extra-legal factors affecting ombuds institutional effectiveness.

China and the Challenge of Economic Globalization Hung-gay Fung, Changhong Pei, Kevin H. Zhang, 2006. This multidisciplinary study evaluates the implications of China's WTO membership on the nation and provides policy guidance for those doing business in China or working with the Chinese economy.

Spaces of Democracy Clive Barnett, Murray Low, 2004-08-03. This volume successfully exposes the ghostly presence of democracy in the field of geography and shows the value of thinking about democracy geographically. It is a major contribution to serious examination of a normative political issue from a geographical perspective. This is welcome.

above all because geography is a field whose cultural and economic branches though often claiming the appellation critical are currently dominated by unexamined radical political fantasies John Agnew University of California Los Angeles In an historically unprecedented way democracy is now increasingly seen as a universal model of legitimate rule This work addresses the key question How can democracy be understood in theory and in practise In three thematically organised sections Spaces of Democracy uses a critical geographical imagination informed by thinking on space place and scale to interrogate the latest work in democratic theory Key ideas and concepts discussed include globalization and transnationalism representation citizenship liberalism the city and public space and the media This volume comprises commissioned work by leading academics investigating democracy Historical and comparative animated by wider debates on globalization it will facilitate the critical discussion of core questions on citizenship the state and democracy Spaces of Democracy is essential reading for students of human geography political science international relations and political sociology

Taiwan's Presidential Politics Muthiah Alagappa, 2017-07-28 The March 2000 presidential election was an important milestone in the democratic development of Taiwan with the Kuomintang turned out of power after five decades of control and replaced by the Democratic Progressive Party This book address the variety of effects that Taiwan s democratic development and the election will have on domestic policy in the region Part one looks at trends and changes in Taiwan s politics and analyzes the outcome of the March 2000 election The chapters in part two discuss the international implications of Taiwan s democratic evolution for a variety of issues including political economic and security relations on both sides of the Taiwan strait Japan s foreign policy in the region U S foreign policy in the region and peace and security in Southeast Asia The challenges and prospects for continued democratic consolidation and the implications and lessons for the PRC and Southeast Asia are also explored

Democracy in Southern Europe Isabelle Calleja Ragonesi, 2019-02-28 How have Malta and Cyprus both EU members transitioned from colonial island states to independent democracies With the assistance of primary documentation this book traces the difficult path of these two states to becoming independent liberal democracies by using the pathway of democratization through decolonization Using socio economic and political data analysed through the microscope of political science and international relations theories Isabelle Calleja Ragonesi charts the progress of the two islands in the context of a number of four distinct

phases Firstly decolonization independence and achieving the status of procedural democracies secondly post colonial independence consolidating democracy and regime breakdown thirdly sovereign nation state status and second attempts at consolidating democracy and finally attempting to reach substantive democracy status and EU membership The study of these two states is contextualized within the context of democratization in Southern Europe and the cases of Malta and Cyprus provide new insights on the region for scholars of political science and international institutions

Consolidating Taiwan's Democracy John Copper,2005-01-06 Consolidating Taiwan s Democracy assesses the often heard argument that political change in Taiwan especially that resulting from recent elections that brought a change of ruling parties first in the executive branch of government and then the legislative branch proves that Taiwan s democratization has been finalized or consolidated The author sees both positive and negative aspects to democracy s consolidation in Taiwan
