Constitution Made Easier:

Our Constitution Made Easy Richard Britner,2020-10-27 Have you ever wondered if our elected officials were being forthright in their dealings with the authority we delegated to them Have you ever thought that they might be overreaching their boundaries at times This book is designed to answer those types of questions and a whole lot more In this book I dive into the U S Constitution and give an in depth look at what our Founding Father have put in place for us and I expose the corruption that has become the statuesque for our government I also give four viable solutions to bring this nation back to being a truly free nation

The Federalist Papers Made Easier Paul B. Skousen,2023-03-07 The Federalist is a collection of articles written in 1787 1788 by Alexander Hamilton James Madison and John Jay to defend and explain the U S Constitution It is considered the most authoritative clarification of the Constitution ever put to print save the Constitution itself The Federalist Papers Made Easier is the first edition to separate all eighty five papers into short individual segments for closer analysis and clarity To make the lengthy essays easier for modern Americans to understand every improvement has been made short of rewriting the text itself Lengthy paragraphs are subdivided with descriptive headlines and summaries Key phrases are underlined Larger text in two columns All paragraphs are conveniently numbered Archaic words are defined Obscure references are footnoted Review questions at the end of each paper highlight important points An extensive index directs readers to specific paragraphs rather than page numbers An appendix includes answers to quiz questions the Anti Federalists thirty five main objections to the Constitution and the texts of the Declaration of Independence the Articles of Confederation and the U S Constitution The Federalist is essential reading for anyone seeking to understand and perpetuate the timeless principles of constitutional liberty into the next generation

The Constitution Made Easy Michael K. Holler,2009-01-01 Read and understand the whole Constitution in under 30 minutes For most people reading the United States Constitution is difficult and no wonder It was written in legalese and most of it is more than 200 years old But now The Constitution Made Easy not only offers a modernized version for easier reading it actually makes the meaning of the original seem to jump off the page Great effort was made to preserve the original meaning and intent of the Founding Fathers in this modern English version but by keeping the original side by side for comparison The Constitution Made Easy becomes a reference you can trust p 1

The United States constitution. Should it be altered to make it easier to amend? Patrick Spieß,2014-06-11 Seminar paper from the year 2012 in the subject Politics Region USA grade 1 7 University of Leeds course United States Politics language English abstract Although it is difficult to prove the constitution of the United States of America is considered to be one of the most difficult constitution s to amend as the political scientist Donald Lutz point out Lutz 1994 Therefore the question arise whether there is a need to alter the amendment procedure which is enshrined in Article V First I will give general ideas of Article V and outline the difficulties that making amendments difficult Then I will look at arguments against making amendments easier Following this I will argue in favour of making amendments easier My

main argumentation will be based on the assumption that not the supermajority rule is the problem but the inner logic of Article V itself Finally I will examine reform proposals which could solve the problem

If We the People are not familiar with or do not know what the Constitution of the United States says how are we to know when it is being violated by our President or Representatives We cannot This is no different than the Ten Commandments they must be known and understood to know when one of them is being violated the same goes with the Constitution the permanent voice of the People In this case ignorance is an excuse Reading this book written in easily understood words phrases and terms will assist even the younger reader to more fully understand the Constitution's meaning and intent of our Founders when they wrote the Constitution Therefore after reading this book one will be able to apply the knowledge acquired to assist them when evaluating what our President and or our Representatives do while in office or when they wish to be reelected Knowledge is power and knowing and understanding the Constitution will place the power back into the hands of We the People
