Contacts Communicating Interpersonally:

Contacts, Communicating Interpersonally Teri Kwal Gamble,1982 *Contacts* Teri Kwal Gamble,Michael W. Gamble,1998

Contacts maintains an appropriate balance between the coverage of theory and the coverage of the practice of interpersonal communication skills. The theoretical and foundation material will provide the base of knowledge that today's students will need to develop their own personal and professional contacts. *Contacts* also offers applied skill material that gives students the opportunity to internalize strategies and master skills that will enable them to develop interpersonal competence and learn to interact effectively to attain goals when face to face with others. This new entry into the interpersonal communication market. *Contacts Communicating Interpersonally* is based on three premises of interpersonal communication. The first premise is that a text on interpersonal communication should explore the varied contexts of our lives. Our ability to interact skillfully with others will influence the development of both our personal and professional relationships. Through applied skills boxes many set in the workplace integrated coverage and readings *Contacts* lays a foundation to advance students personal and professional well being. The second premise is that the way that we communicate with others is affected both subtly and overtly by today's media and technological innovations. The media help shape our interactions influence our expectations for daily contacts and color our evaluations of the effectiveness of our interpersonal interactions. Technology brings a new wealth of information to our finger tips. Coverage of technology and media is integrated throughout the book as well as discussed in a special section in each chapter and will help students develop interpersonal communication skills for today's changing society. The third premise is that culture and gender influence interpersonal interactions. *Contacts* will give students the tools they need to communicate effectively both when they interact with individuals from their own culture and when they encounter individuals from diverse cultures. Cultural and gender issues and controversies are discussed in major sections in each chapter integrated throughout the text discussions and considered in many of the applied skills boxes and readings.

Our ability to interact skillfully with others will influence the development of our professional and personal lives. Also the way in which we communicate with others is affected by today's media and technological innovations. Interpersonal interactions are also influenced by culture and gender. Written by world famous speakers *Contacts* is based on these three premises and offers practical techniques readers can use to be successful communicators in today's ever changing society. This book gives readers the tools they need to communicate effectively both when they interact with individuals from their own culture and those from diverse cultures. It also explores ways technology and the media affect our interpersonal communications. Topics include understanding interpersonal communications self concept gender the media and technology nonverbal communication relationship basics intimacy and distance and more. This book is ideal for those who wish to sharpen their communication skills in their personal and professional lives.
