Contemporary Age:

Radicalism In The Contemporary Age, Volume 3 Seweryn Bialer, Sophia Sluzar, 2019-06-10 To understand contemporary society it has become more and more essential to understand the phenomenon of radicalism the aspirations of radical movements the strategies and tactics of radicalism and the impact of radicalism on contemporary society Radicalism in the Contemporary Age grew out of the recognition of this need A study in three volumes

Urban Space in the Middle Ages and the Early Modern Age Albrecht Classen, 2009-12-15 Although the city as a central entity did not simply disappear with the Fall of the Roman Empire the development of urban space at least since the twelfth century played a major role in the history of medieval and early modern mentality within a social economic and religious framework Whereas some poets projected urban space as a new utopia others simply reflected the new significance of the urban environment as a stage where their characters operate very successfully As today the premodern city was the locus where different social groups and classes got together sometimes peacefully sometimes in hostile terms The historical development of the relationship between Christians and Jews for instance was deeply determined by the living conditions within a city By the late Middle Ages nobility and bourgeoisie began to intermingle within the urban space which set the stage for dramatic and far reaching changes in the social and economic make up of society Legal historical aspects also find as much consideration as practical questions concerning water supply and sewer systems Moreover the early modern city within the Ottoman and Middle Eastern world likewise finds consideration Finally as some contributors observe the urban space provided considerable opportunities for women to carve out a niche for themselves in economic terms

A Cultural History of Race in the Renaissance and Early Modern Age Kimberly Ann Coles, Dorothy Kim, 2023-06-01 The past is always an interpretive act from the lens of the present Through the lens of critical race theory the essays collected here explore new analytical models theoretical frameworks and methodological approaches in attempting to reimagine the European Renaissance and early modern periods in terms of global expansion awareness and participation Centering race in these periods requires that we acknowledge the people against whom social hierarchies and differential treatment were directed This collection takes Europe as its focus but White Europeans are not centred in it and the experiences of Black Africans Asians Jews and Muslims are not relegated to the margins of a shared history Situating Europe within a global context forces the reconsideration of the violence that attends the interaction of peoples both across cultures and enmeshed within them The less we are attentive to the cultural interactions cross cultural migrations and global dimensions of the late medieval and early modern periods the less we are forced to recognize the violence intolerance power struggles and enforced suppressions that attend them

A Cultural History of Hair in the Modern Age Geraldine Biddle-Perry, 2020-12-10 Over the last century there has been a revolution in self presentation and social attitudes towards hair Developments in mass manufacturing advances in chemical science and new understandings of bodies and minds have been embraced by new kinds of hairdressers and their clientele

and embodied in styles that reflect shifting ideals of what it is to be and to look modern The emergence of the ladies hairdressing salon the rise of the celebrity stylist the impact of Hollywood an expanding mass media and a new synergy between fashions in clothing and hairstyles have rippled out globally Fashions in hair styles and their representation have taken on new meanings as a way of resisting dominant social structures experimenting with social taboos and expressing a modern sense of self From the 1920s bob to the punk cut hair has continued to be deeply involved in society's larger issues Drawing on a wealth of visual textual and object sources and illustrated with 75 images **A Cultural History of Hair in the Modern Age** presents essays that explore how politics science religion fashion beauty the visual arts and popular culture have reshaped modern hair and its significance as an agent of social change

Introduction. book 1. Renaissance and reformation; from the black death to the thirty years' war Egon

Friedell,1930

Crime and Punishment in the Middle Ages and Early Modern Age Albrecht Classen,Connie Scarborough,2012-10-30 All societies are constructed based on specific rules norms and laws Hence all ethics and morality are predicated on perceived right or wrong behavior and much of human culture proves to be the result of a larger discourse on vices and virtues transgression and ideals right and wrong The topics covered in this volume addressing fundamental concerns of the premodern world deal with allegedly criminal or simply wrong behavior which demanded punishment Sometimes this affected whole groups of people such as the innocently persecuted Jews sometimes individuals such as violent and evil princes The issue at stake here embraces all of society since it can only survive if a general framework is observed that is based in some way on justice and peace But literature and the visual arts provide many examples of open and public protests against wrongdoings ill conceived ideas and concepts and stark crimes such as theft rape and murder In fact poetic statements or paintings could carry significant potentials against those who deliberately transgressed moral and ethical norms or who even targeted themselves

Genocide and the Modern Age Isidor Wallimann,Michael N.

Dobkowski,2000-03-01 In the preface to this 2000 edition the authors point out that with the advent of the millennium it is important to take stock of the 20th century which has been labelled as the Age of Genocide

The East Asian Dimension of the First World War Jan Schmidt,Katja Schmidtpott,2020-03-11 Which role did East Asia play in the First World War How did

East Asian commentators see and interpret the total izing war in Europe and elsewhere Which lessons did they draw from this experience for their own societies How did economic networks shift Which influence did the war have on East Asian visions of world order This volume aims to introduce new scholarship in many cases by hitherto untranslated East Asian authors It is part of a larger movement in current historiography to emphasize the globality of the First World War without losing sight of local repercussions and developments in East Asia

The Top Books of the Year Contemporary Age The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. Contemporary Age : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Contemporary Age : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
