## **Constructing The Erotic:**

*Constructing the Erotic* Barbara J. Blodgett, 2002 This ground breaking book **Before Sexuality** Froma I. Zeitlin, John J. Winkler, David M. Halperin, 2020-11-10 A dream in which a man has sex with his mother may promise him political or commercial success according to dream interpreters of late antiquity who unlike modern Western analysts would not necessarily have drawn conclusions from the dream about the dreamer's sexual psychology Evidence of such shifts in perspective is leading scholars to reconsider in a variety of creative ways the history of sexuality In these fifteen original essays eminent cultural historians and classicists not only discuss sex but demonstrate how norms practices and even the very definitions of what counts as sexual activity have varied significantly over time Ancient Greece offers abundant evidence for a radically different set of sexual standards and behaviors from ours Sex in ancient Hellenic culture assumed a variety of social and political meanings whereas the modern development of a sex centered model of personality now leads us to view sex as the key to understanding the individual Drawing on both the Anglo American tradition of cultural anthropology and the French tradition of *les sciences humaines* these essays explore the iconography politics ethics poetry and medical practices that made sex in ancient Greece not a paradise of liberation but an exotic locale hardly recognizable to visitors from the modern world In addition to the editors the contributors to this volume are Peter Brown Anne Carson Françoise Frontisi-Ducroux Maud W Gleason Ann Ellis Hanson François Lissarrague Nicole Loraux Maurice Olender S R F Price James Redfield Giulia Sissa and Jean Pierre Vernant *Constructing Sexualities* University of Windsor. Humanities Research Group, 1993

*The Renaissance of Lesbianism in Early Modern England* Valerie Traub, 2002-06-06 The Renaissance of Lesbianism in Early Modern England is the eagerly awaited study by the feminist scholar who was among the first to address the issue of early modern female homoeroticism Valerie Traub analyzes the representation of female female love desire and eroticism in a range of early modern discourses including poetry drama visual arts pornography and medicine Contrary to the silence and invisibility typically ascribed to lesbianism in the Renaissance Traub argues that the early modern period witnessed an unprecedented proliferation of representations of such desire By means of sophisticated interpretations of a comprehensive set of texts the book not only charts a crucial shift in representations of female homoeroticism over the course of the seventeenth century but also offers a provocative genealogy of contemporary lesbianism A contribution to the history of sexuality and to feminist and queer theory the book addresses current theoretical preoccupations through the lens of historical inquiry *Excitable Imaginations* Kathleen Lubey, 2012-09-27 *Excitable Imaginations* offers a new approach to the history of pornography Looking beyond a counter canon of bawdy literature Kathleen Lubey identifies a vigilant attentiveness to sex across a wide spectrum of literary and philosophical texts in eighteenth century Britain Esteemed public modes of writing such as nationalist poetry moral fiction and empirical philosophy as well as scandalous and obscene writing persistently narrate erotic experiences desire voyeurism seduction orgasm The recurring turn to sexuality in literature and

philosophy she argues allowed authors to recommend with great urgency how the risqu delights of reading might excite the imagination to ever greater degrees of educability on moral and aesthetic matters Moralists such as Samuel Richardson and Adam Smith like their licentious counterparts Rochester Haywood and Cleland purposefully evoke salacious fantasy so that their audiences will recognize reading as an intellectual act that is premised on visceral pleasure Eroticism in texts like Pamela and Memoirs of a Woman of Pleasure in Lubey s reading did not compete with instructive literary aims but rather was essential to the construction of the self governing Enlightenment subject
