

The Ultimate Guide To *South African Wines*

IMPORTANT GRAPE VARIETIES

WHITE VARIETIES:

Chenin Blanc: Chenin Blanc is the country's most-produced wine variety. It's different than the grape you'll find in Loire Valley—this is drier, yet richer.

Colombard: Colombard is a French grape (typically seen as Colombar). However, South Africa is this grape's top producer.

Sauvignon Blanc: While European countries ruled the wine world at that time, South Africa experienced a resurgence in the late 1900s, leading to more vineyards and a plethora of spectacular whites to try.

RED VARIETIES:

Pinotage: A cross between the beloved Pinot Noir and the stable Cinsault, Pinotage is a staple in any red blend from the country.

Cabernet Sauvignon: Now, of course—the reliable Cabernet Sauvignon. Though it's one of the most planted red grape varieties around the world, this grape plays a major role in the South African wine world.

Shiraz: More often seen as Syrah in Europe, Shiraz is South African winemakers' go-to term to describe this versatile, yet elegant, grape.

KEY SOUTH AFRICAN WINE REGIONS

PAARL DISTRICT

Let's start with the Paarl District. Here you'll find a ton of vineyards, but the district is actually much smaller in size than some of the other regions in the country. But what it lacks in size, it makes up for in holding down the fort with Chenin Blanc creation.

STELLENBOSCH DISTRICT

Stellenbosch is the heart of the South African wine world. Located near Paarl and about an hour from Cape Town, this district is much larger in size. As such, wineries get the cool coastal breeze and the hotter inland temperatures.

CAPE SOUTH COAST

If you're looking for excitement, then the Cape South Coast region may be the best place for you. Quite young to the South African wine world, this region is full of cooler climates.
