Rosemary Altea, the internationally renowned medium known to millions worldwide as *The Voice of the Spirit World*, is also the founder of the Rosemary Altea Association of Healers, a charitable organization with patients worldwide. In this book package, Rosemary offers an introduction to spiritual healing, beginning with a personal account of how she embraced her role as a healer sixteen years ago. Sharing her belief that sickness and pain can cause the soul to live in a dark place, Rosemary presents healing techniques designed to give light: the Seven Steps to Self Healing. We meet two inspiring patients who have been treated by Rosemary and her team of healers, and we learn how we can harness the power of our own thoughts and use color energy visualizations to achieve inner peace. Also included is a color chart explaining how each of eight vibrant hues can give us the gift of healing.

The Case for Spiritual Healing Don H. Gross, 1958. **Spiritual Healing** Jack Angelo, Jan Angelo, 2002. The authors present 30 exercises based on the human body's natural energy fields. The various techniques explained in this book are specifically intended to alleviate physical pain, heal many ailments, and bring comfort to the terminally ill. As preparation for the exercises, readers are instructed in both the history and theory of spiritual healing. They go on to learn methods intended to awaken their own healing powers, energize working and living spaces, locate the body's chakras, and even sense beneficial energy fields surrounding animals and plants. The authors' aims are to offer a celebration of all spiritual aspects of the human journey from birth to death. Their book presents an accessible approach to a popular method of personal development that focuses on both the body and the spirit: a holistic approach to healing. Approximately 180 color illustrations help readers visualize and activate the energy fields that surround us all.

Plant Spirit Healing Pam Montgomery, 2008-01-30. A hands on approach to working with the healing powers of plant spirits. Explores the scientific basis underlying the practices of indigenous healers and shamans. Illuminates the matrix where plant intelligence and human intelligence join. Reveals that partnering with plants is an evolutionary imperative. Indigenous healers and shamans have known since antiquity that plants possess a spirit essence that can communicate through light, sound, and vibration. Now scientific studies are verifying this understanding. *Plant Spirit Healing* reveals the power of plant spirits to join with human intelligence to bring about profound healing. These spirits take us beyond mere symptomatic treatment to aligning us with the vast web of nature. Plants are more than their chemical constituents. They are intelligent beings that have the capacity to raise consciousness to a level where true healing can take place. In this book, herbalist Pam Montgomery offers an understanding of the origins of disease and the
