A Guide To The Economy:

Basic Economics Thomas Sowell,2010-05-21 Basic Economics is a citizen s guide to economics for those who want to understand how the economy works but have no interest in jargon or equations Sowell reveals the general principles behind any kind of economy capitalist socialist feudal and so on In readable language he shows how to critique economic policies in terms of the incentives they create rather than the goals they proclaim With clear explanations of the entire field from rent control and the rise and fall of businesses to the international balance of payments this is the first book for anyone who wishes to understand how the economy functions

Basic Economics Thomas Sowell,2014-12-02 The bestselling citizen s guide to economics Basic Economics is a citizen s guide to economics written for those who want to understand how the economy works but have no interest in jargon or equations Bestselling economist Thomas Sowell explains the general principles underlying different economic systems capitalist socialist feudal and so on In readable language he shows how to critique economic policies in terms of the incentives they create rather than the goals they proclaim With clear explanations of the entire field from rent control and the rise and fall of businesses to the international balance of payments this is the first book for anyone who wishes to understand how the economy functions This fifth edition includes a new chapter explaining the reasons for large differences of wealth and income between nations Drawing on lively examples from around the world and from centuries of history Sowell explains basic economic principles for the general public in plain English

Basic Economics 4th Ed Thomas Sowell,2010-12-28 The fourth edition of Basic Economics is both expanded and updated A new chapter on the history of economics itself has been added and the implications of that history examined A new section on the special role of corporations in the economy has been added to the chapter on government and big business among other additions throughout the book Basic Economics which has now been translated into six languages has grown so much that a large amount of material in the back of the book in previous editions has now been put online instead so the book itself and its price will not have to expand The central idea of Basic Economics however remains the same that the fundamental facts and principles of economics do not require jargon graphs or equations and can be learned in a relaxed and even enjoyable way
