stand alone politically isolated in Parliament as he took the lead in warning of the growing Nazi threat and would lead Britain to victory against Nazi Germany and the Axis powers in World War II Now celebrated historian William Manchester's landmark biographies are collected together for the first time along with the eagerly anticipated final installment Churchill's last years in power More than thirty years in the making *The Last Lion* is the definitive work on this remarkable man whose courageous vision guided the destiny of a nation during darkly troubled times and who looms as one of the greatest figures of our century
