Digging Into Nature Pooja Sarin Tandon, MD, MPH, Danette Swanson Glassy, MD, 2024-10-15 You know your child would benefit from more time spent outside and less spent on a screen But how important is it really And what can you do to make it happen In *Digging Into Nature* pediatricians and nature advocates Drs Pooja Sarin Tandon and Danette Swanson Glassy make the evidence based case that your whole family will be happier healthier and more resilient when you spend time in nature They offer a wealth of suggestions for age appropriate nature based activities and guidance to help prioritize outside time In addition to being doctors Drs Tandon and Glassy are also busy parents and grandparents They recognize that your family might face challenges with regard to time access and more when trying to get more green time Their inclusive approach will help you address those obstacles will ensure your children reap the gifts that the great outdoors offers

Course in Nature Study Detroit Public Schools, 1922 **The Politics of Nature and Science in Southern Africa** Maano Ramutsindela, Giorgio Miescher, 2016-08-12 This book brings together recent and ongoing empirical studies to examine two relational kinds of politics namely the politics of nature i e how nature conservation projects are sites on which power relations play out and the politics of the scientific study of nature These are discussed in their historical and present contexts and at specific sites on which particular human environment relations are forged or contested This spatio temporal juxtaposition is lacking in current research on political ecology while the politics of science appears marginal to critical scholarship on social nature Specifically the book examines power relations in nature related activities demonstrates conditions under which nature and science are politicised and also accounts for political interests and struggles over nature in its various forms The ecological socio political and economic dimensions of nature cannot be ignored when dealing with present day environmental issues Nature conservation regulations are concerned with the management of flora and fauna as much as with humans Various chapters in the book pay attention to the ways in which nature science and politics are interrelated and also co constitutive of each other They highlight that power relations are naturalised through science and science related institutions and projects such as museums botanical gardens wetlands parks and nature reserves
