Bo Lawrence,2025-12-23 During hell week of my college football days we had a coach who gleamingly talked about ye ol bastardos while we stretched for practice in grueling triple digit heat Who were the bastardos According to coach these bastardos were yawning and barely waking up to the smell of mom s fresh blueberry pancakes with the warm maple syrups and melted butter while we endured two a days of college football hell With Southern California ashes raining from the sky and fires raging I pictured myself being a bastardo Forget being here Forget a rigorous academic schedule Let s live that bastardo life Why not stay in bed Why not tell the goal oriented world where to head Unfortunately or fortunately I always showed up for practice and in the classroom Coming from a small town with multiple divorces under my belt from both my mom and dad I was never your typical academic success story I had a dark side I enjoyed debauchery fighting womanizing so many regrets now violent sports hanging with bad kids and being a dangerous product of a broken home According to statistics I had no business being at elite schools let alone a corporate success story

But statistics can be manipulated as you'll learn in this book. B School Bastards is for those that didn't have a keen interest in business finance, accounting, data analytics, academia, or corporate America growing up but have interest when it's applied to topics such as sex, drugs, real world, and hot women. While this book can't promise a corporate finance job, BA, MBA, new career, or any sort of accolade, I do promise one good laugh.

The Complete Idiot's Guide to Protecting Yourself from Everyday Legal Hassles Brent Terry, 1995. This easy-to-read guide explains everyday legal concerns and helps readers determine what they can and can't do on their own to avoid paying exorbitant legal fees. The book provides down-to-earth information on everything from trusts and wills to contracts and small claims court. There's even a section on how to hire and work effectively with a lawyer when necessary.

Debtor-creditor Steve H. Nickles, David G. Epstein, 2009. This unique book comprehensively reintroduces creditors' remedies and debtors' rights under state and federal nonbankruptcy law. The coverage includes commercial and consumer debt transactions, spans the full range of both new and traditional means of judicial and private enforcement, explores modern arrangements for structuring debt and security, focuses consistently on the core issues of defining who is liable for the debt and who has what rights in what property, and probes how debtor-creditor law applies and adapts by public or private law to modern transactional forms and circumstances, and also to contemporary attitudes about the proper balance of debtors' and creditors' interests. The text will support almost anything the professor wants to teach. The book is designed and arranged so that its many discrete topics and materials stand alone and allow a professor to easily select and arrange its content to exactly fit courses of various lengths.
