## **Babylon File:**

*The Babylon File* Andy Lane, 1997 J Michael Straczynski's epic space opera *Babylon 5* is unusual in that the science fiction show comprises a single story evolving over five years This volume provides a broad overview of the tale as well as examining the minutiae of each episode There are detailed plot synopses a guide to the station that gives the series its name a history of the *Babylon 5* universe and a lighter look at the characters The book also quotes some of the show's more humorous dialogue There is an introductory essay by the programme's creator and an enlightened discussion of the series influences themes and the famed story arc

**Cult Television** Sara Gwenllian-Jones, Roberta E. Pearson, 2004 A television series is tagged with the label cult by the media advertisers and network executives when it is considered edgy or offbeat when it appeals to nostalgia or when it is considered emblematic of a particular subculture By these criteria almost any series could be described as cult Yet certain programs exert an uncanny power over their fans encouraging them to immerse themselves within a fictional world In *Cult Television* leading scholars examine such shows as *The X-Files* *The Avengers* *Doctor Who* *Babylon Five* *Star Trek* *Xena Warrior Princess* and *Buffy the Vampire Slayer* to determine the defining characteristics of cult television and map the contours of this phenomenon within the larger scope of popular culture Contributors Karen Backstein David A Black Seton Hall U Mary Hammond Open U Nathan Hunt U of Nottingham Mark Jancovich Petra Koppers Bryant College Philippe Le Guern U of Angers France Alan McKee Toby Miller New York U Jeffrey Sconce Northwestern U Eva Vieth Sara Gwenllian Jones is a lecturer in television and digital media at Cardiff University and co editor of *Intensities: The Journal of Cult Media* Roberta E Pearson is a reader in media and cultural studies at Cardiff University She is the author of the forthcoming book *Small Screen Big Universe: Star Trek and Television*

[Fantasy Girls](#) Elyce Rae Helford, 2000-05-30 A new collection on women in American television in the 90s uncovers a cultural obsession with tough yet sexy heroines in mythical pasts the girl power present and utopic futures *Xena* *Buffy* *Sabrina* and a host of other characters have become household words as well as icons of pop culture feminism Their popularity makes for successful programming however how much does this trend truly represent a contemporary feminist breakthrough And what does it mean for feminism in the next few decades *Fantasy Girls: Navigating the New Universe of Science Fiction and Fantasy Television* seeks to explore as well as challenge the power and the promises of this recent media phenomenon Such TV programming offers the exciting opportunity to rethink established gender norms but how far is it really pushing the limits of the status quo Amidst the exuberant optimism of fanzines and dotting fan websites the contributors to this volume endeavor to provide us with a much needed critical analysis of this contemporary trend These essays explore the contradictions and limitations inherent in the genre forcing readers to take a fresh and critical look through a variety of lenses including girl power postfeminism cyborg feminism disability politics queer studies and much more Programs covered are *Babylon 5* *Buffy the Vampire Slayer* *Disney's Cinderella* *Lois and Clark: New Adventures of Superman* *Mystery Science Theater 3000* *Sabrina the Teenage Witch* *Star Trek*

Voyager The X Files Third Rock from the Sun and Xena Warrior Princess      **The Babylon File** Andy Lane,1997

Babylon's Burning Clinton Heylin,2007 Destined to become a classic on the subject alongside Legs McNeil s Please Kill Me Babylon s Burning is a groundbreaking definitive account of punk rock one of the most influential and lasting music movements in history a movement that ironically was built on self annihilation Acclaimed critic Clinton Heylin seamlessly weaves together the lives of disparate artists who had in common not the music there was no distribution but the pictures words and fashions depicted in magazines like Creem and NME It was a sound that eschewed conventional lyrics promoted a guttural musicality but yet contained a keen pop sensibility Whether exploring the work of early progenitors like Suicide The New York Dolls and Patti Smith or charting the progress of the bands who legitimately took up the mantle in the eighties and nineties Clinton Heylin brings to life the strands of a global artform From the Sex Pistols s clarion call of a record Never Mind the Bollocks to Kurt Cobain s songs of an alienated youth Babylon s Burning is the brilliant exhaustively researched story that once and for all defines what Punk is and is not      **Windows XP For Dummies** Andy Rathbone,2011-09-14

Windows is the world s most popular operating system and Windows For Dummies is the bestselling computer book ever When you look at Windows XP For Dummies 2nd Edition it s easy to see why Here s all the stuff you want to know served up in plain English and seasoned with a few chuckles But make no mistake this book means business Author Andy Rathbone listened to what you wanted to know and this edition is loaded with additional information about E mail faxing and troubleshooting Maximizing security features Customizing and upgrading Windows XP Multimedia applications CDs digital music and photos video and more Answers to questions asked by thousands of Windows users If you re just getting started with Windows XP you ll find Windows XP For Dummies 2nd Edition is a lot easier than trying to get the fourth grader next door to explain it to you Andy Rathbone is a lot more patient There s a whole section devoted to Windows XP Stuff Everybody Thinks You Already Know so you can get the hang of the basics quickly and in the privacy of your own home And if you ve been around a couple of generations of Windows you ll be especially interested in how to squeeze maximum security from the beefed up anti spam and firewall features in Service Pack 2 Windows XP For Dummies 2nd Edition is sort of like a buffet you can sample everything or just stick with the stuff you know you like You ll find out how to Locate programs and files organize your information and fax scan or print documents Get online safely send and receive e mail work with Internet Explorer s security toolbar and steer clear of pop ups viruses and spam Make Windows XP work the way you want it to share your computer while maintaining your privacy set up a network and perform routine maintenance Transfer and organize pictures from your digital camera edit digital video and create custom CDs of your favorite tunes Use Windows XP s troubleshooting wizards and become your own computer doctor With its task oriented table of contents and tear out cheat sheet Windows XP For Dummies 2nd Edition is easy to use You can quickly find what you want to know and you just may discover that this book is as important to your computer as the power cord      **Joint Documents of the State of Michigan** Michigan,1898
