New York Posse,1954      **Selected Works of Arthur Willis Colton** Arthur Willis Colton,2020-09-28 IN the Fall of the year when Krakatoa blew its head off in the East Indies and sent its dust around the world I fell sick of a fever in the city of Portate which is on the west coast of South America Portate had the latest brand of municipal enterprise and the oldest brand of fever But they call any kind of sickness a fever there to save trouble and bury the alien with as little trouble as possible I started for home and came as far as Nassau which is a town in the Bahamas There a wasted and dismal shape I somehow fell into the hands of one Dr Ulswater who tended and medicined by back into the world of sunlight and other interesting objects Nassau runs up the side of a bluff and overlooks a blue and dimpled harbour Dr Ulswater at last began to take me with him to lie on the rocks and watch him search in the harbour shoals for small cuttlefish He used a three pronged spear to stir them out of their lairs and a long knife to put into their vital points with skilful surgery They waved and slapped their wild blistered arms around his neck and shoulders while he poked placidly into their vitality So being entertained and happy I recovered from yellow fever By that time my handsome name given by parents who recognised my merits Christopher Kirby had come down handily in Dr Ulswater s usage to Kit and we loved each other as two men can who are to each other a perpetual entertainment Dr Ulswater was a large bushy man in the prime of a varied life Born an American he had studied in German universities practised medicine in Italy and afterward in Ceylon One of his hobbies was South American archaeology He owned a silver mine in Nevada and kept a sort of residence in New York at this time and was collecting specimens for a New England museum So that he was what you might call a distributed man for he had been in most countries of the globe yet he was not a globe trotter but rather a floater in a manner resembling sea weed that drifts from place to place but wherever it drifts or clings is tranquil and accommodating He seemed to me suitable to the tropics and their seas large easy and warm of body his learning like the sea mysterious and bottomless his mind luxuriously fertile but somewhat ungoverned His idioms were mixed his conversations opalescent his criticism of himself was that he had not

personality enough No my dear he said wrapping a dead cuttlefish up neatly in its own arms I am like a cuttlefish whose vital point is loose You are an ignorant person with prepossessions beyond belief and absurd deferences for clothing and cleanliness but you have personality and entertaining virtues Therefore I will let you smoke two cigars to night instead of one and to morrow maybe three for your sickness is becoming an hypocrisy Then we went over the rocks to our boat and the sulky sleepy negro boatman the doctor with his flabby bundled cuttlefish and I with a basket full of coral and conch shells The boatman rowed us out over a sea garden with submerged coral grottos pink and white coral branching and the brain coral sea fans and purple sea feathers coral shrubs coral in shelving masses also sponges and green hanging moss and yellow emerald and scarlet fish silver satin ringed fringed spotted all deep beneath in their liquid deluding atmosphere a cold vision outlandish brilliant and grotesque over which we floated and looked down
