Every Body's Talking Donna M. Jackson,2014-01-01 Are you nervous about your presentation at school tomorrow Or about going onstage for the school play What about trying out for the baseball team Try standing like a superhero for a few seconds before you start Research shows that standing like a hero makes you feel and act like one Humans use words to communicate but we also use our bodies to send messages We may shrug our shoulders to show we don t care or open our eyes wide in surprise or give the thumbs up to show we approve of something But did you know that giving the thumbs up in Greece is pretty rude Or that nodding your head which means yes in the United States and Canada actually means no in the European countries of Albania and Bulgaria Every Body s Talking explores the complexities of body language Discover what is really being expressed when people stand sit or move in certain ways and learn how you can use your body and facial expressions to communicate more effectively in a variety of situations **Further Talks on the Church Life** Watchman
