Atomic Comics Ferenc Morton Szasz,2012-06-01 The advent of the Atomic Age challenged purveyors of popular culture to explain to the general public the complex scientific and social issues of atomic power Atomic Comics examines how comic books comic strips and other cartoon media represented the Atomic Age from the early 1920s to the present Through the exploits of superhero figures such as Atomic Man and Spiderman as well as an array of nuclear adversaries and atomic themed adventures the public acquired a new scientific vocabulary and discovered the major controversies surrounding nuclear science Ferenc Morton Szasz s thoughtful analysis of the themes content and imagery of scores of comics that appeared largely in the United States and Japan offers a fascinating perspective on the way popular culture shaped American comprehension of the fissioned atom for more than three generations AB Bookman's Weekly ,1994 **Gender, Race, and American Science Fiction** Jason Haslam,2015-05-08 This book focuses on the interplay of gender race and their representation in American science fiction from the nineteenth century through to the twenty first and across a number of forms including literature and film Haslam explores the reasons why SF provides such a rich medium for both the preservation of and challenges to dominant mythologies of gender and race Defining SF linguistically and culturally the study argues that this mode is not only able to illuminate the cultural and social histories of gender and race but so too can it intervene in those histories and highlight the ruptures present within them The volume moves between material history and the linguistic nature of SF fantasies from the specifics of race and gender at different points in American history to larger analyses of the socio cultural functions of such identity categories SF has already become central to discussions of humanity in the global capitalist age and is increasingly the focus of feminist and critical race studies in combining these earlier approaches this book goes further to demonstrate why SF must become central to our discussions of identity writ large of the

possibilities and failings of the human past present and future Focusing on the interplay of whiteness and its various others in relation to competing gender constructs chapters analyze works by Nathaniel Hawthorne Mary E Bradley Lane Edgar Rice Burroughs Philip Francis Nowlan George S Schuyler and the Wachowskis Frank Herbert William Gibson and Octavia Butler Academics and students interested in the study of Science Fiction American literature and culture and Whiteness Studies as well as those engaged in critical gender and race studies will find this volume invaluable
