Aurora Susan Janice Anderson, Vonda N. McIntyre, 1976 **Utopia, Equity and Ideology in Urban Texts** Michael G. Kelly, Mariano Paz, 2023-08-28 *Utopia Equity and Ideology in Urban Texts* Fair and Unfair Cities explores the complex interrelations of three key critical topics across a diverse range of urban writing Interrogating the links and tensions between aesthetic and political priorities in the representation and imagining of urban life the volume engages with work from a wide variety of linguistic and cultural origins and across a range of textual practices having the urban phenomenon as a common framing concern Individual contributions discussing genre and literary fiction poetic writing documentary and essayistic texts planning manifestos and municipal communications materials serve to demonstrate that the nuanced treatments of urban experience and potential which may be gleaned from across this textual spectrum act as a pragmatic corrective to purely conceptual approaches As such the volume consolidates the emerging dialogue between the fields of utopian studies and literary urban studies understanding these as complementary approaches to the reading of the city and its textual prolongations *Mothers and Masters in Contemporary Utopian and Dystopian Literature* Mary Elizabeth Theis, 2009 Because advances made by science and technology far outstripped improvements in human nature utopian dreams of perfect societies in the twentieth century quickly metamorphosed into dystopian nightmares which undermined individual identity and threatened the integrity of the family Armed with technological and scientific tools totalizing social systems found in literature abolish the distinction between public and private life and thus penetrate and corrupt the very core of all utopian blueprints and visions the education of future generations At the heart of the family mothers as parents transmit their diverse cultural traditions while socializing their children and thus compete with ideologically driven systems that usurp their role as educators *Mothers and Masters in Contemporary Utopian and Dystopian Literature* focuses therefore on the thematic importance of this and other maternal roles for generic metamorphosis the shift to dystopia invariably is signaled by the inversion of traditional maternal roles The longevity of the utopian dystopian literary tradition and persistence of the maternal model of human relationships serve as points of reference in this post modern age of relative cultural values Meta utopian exploration of this thematic tension between utopia and dystopia reminds us that no place may not be home but we need to keep going there *Remembering Vonda* Jeanne Gomoll, 2019-06 Award winning SFF author Vonda N McIntyre died April 1 2019 The world lost a force of nature a brilliant kind generous fiercely talented artist Friends colleagues admirers fans all pay tribute to a radiant life here McIntyre s oeuvre includes *Dreamsnake* Hugo plus stories novelizations a quiet tireless feminist Kentucky born McIntyre moved to Seattle McIntyre also collaborated with Ursula K Le Guin and was a founding member of the Book View Cafe an author owned publishing cooperative McIntyre both shaped and nurtured the SF F community as her friend Jane Hawkins has said we shall not see her like again All proceeds will benefit Clarion West Writers Workshop **Fantasy** Brian Attebery, 2022-06-30 An exciting and accessible study of the genre of fantasy One of the

dominant modes of storytelling in the twenty first century fantasy can mirror contemporary experiences and convey our anxieties and longings better than any representation of the merely real It is the lie that speaks truth This book addresses two central questions about fantastic storytelling first how can it be meaningful if it doesn t claim to represent things as they are and second what kind of change can it make in the world How can a form of storytelling that alters physical laws and denies facts about the past be at the same time a source of insight into human nature and the workings of the world What kind of social political cultural intellectual work does fantasy perform in the world the world of the reader that is not that of the characters Focusing on various aspects of fantastic world building and story creation in classic and contemporary fantasy from the use of symbolic structures to the way new stories incorporate bits of significance from earlier texts this book shows how fantasy allows writers such as Michael Cunningham Hans Christian Anderson Helene Wecker C S Lewis Ursula K Le Guin Nnedi Okorafor Nalo Hopkinson George MacDonald Aliette deBodard and Patricia Wrightson to test new modes of understanding and interaction and thus to rethink political institutions social practices and models of reality

Joanna Russ Gwyneth Jones,2019-08-30 Experimental strange and unabashedly feminist Joanna Russ s groundbreaking science fiction grew out of a belief that the genre was ideal for expressing radical thought Her essays and criticism meanwhile helped shape the field and still exercise a powerful influence in both SF and feminist literary studies Award winning author and critic Gwyneth Jones offers a new appraisal of Russ s work and ideas After years working in male dominated SF Russ emerged in the late 1960s with Alyx the uber capable can do heroine at the heart of Picnic on Paradise and other popular stories and books Soon Russ s fearless embrace of gender politics and life as an out lesbian made her a target for male outrage while feminist classics like The Female Man and The Two of Them took SF in innovative new directions Jones also delves into Russ s longtime work as a critic of figures as diverse as Lovecraft and Cather her foundational place in feminist fandom important essays like Amor Vincit Foeminam and her career in academia
