[Dynamic Learning Spaces in Education](#) Veena Kapur, Sudipta Ghose, 2018-08-14 This volume discusses the need for a major paradigm shift in educational practice in the current digital and globalized world. It establishes a bridge between theory and praxis and revisits the objectives of learning and its modalities within the context of a rapidly evolving global world order. This volume includes perspectives from different countries on creating a dynamic and adaptive education system that encourages creativity, leadership, flexibility, and working in virtual as well as inclusive environments. The four sections include chapters that discuss creating meaningful learning environments, preparing teachers for new-age classrooms, the digital learning space, fostering change in classrooms, and importantly also includes cases and experiments from schools.
