Solomon, 2006-07-27 In the same spirit as his most recent book *Living With Nietzsche* and his earlier study *In the Spirit of Hegel* Robert Solomon turns to the existential thinkers Albert Camus and Jean Paul Sartre in an attempt to get past the academic and political debates and focus on what is truly interesting and valuable about their philosophies Solomon makes the case that despite their very different responses to the political questions of their day Camus and Sartre were both fundamentally moralists and their philosophies cannot be understood apart from their deep ethical commitments He focuses

on Sartre's early pre 1950 work and on Camus's best known novels *The Stranger*, *The Plague* and *The Fall*. Throughout Solomon makes the important point that their shared interest in phenomenology was much more important than their supposed affiliation with existentialism. Solomon's reappraisal will be of interest to anyone who is still or ever has been fascinated by these eccentric but monumental figures.

The Complete Short Stories Of Thomas Wolfe Thomas Wolfe, 1989-05 These fifty eight stories make up the most thorough collection of Thomas Wolfe's short fiction to date, spanning the breadth of the author's career from the uninhibited young writer who penned *The Train* and *The City* to his mature, sobering account of a terrible lynching in *The Child* by Tiger. Thirty five of these stories have never before been collected. Lightning Print On Demand Title.

The Triumph of Death Gabriele D'Annunzio, 1896 *Reflections on the Death of a Porcupine and Other Essays* D. H. Lawrence, 1988-01-29 *Reflections on the Death of a Porcupine and Other Essays* restores what Lawrence wrote.

Reflection on the Death of a Porcupine D. H. Lawrence, 2019-02-20 This collection of essays by the author of *Lady Chatterley's Lover* presents his musings on literature, politics and philosophy in a newly restored text. Though D. H. Lawrence was one of the great writers of the twentieth century, his works were severely corrupted by the stringent house styling of printers and the intrusive editing of timid publishers. A team of scholars at Cambridge University Press has worked for more than thirty years to restore the definitive texts of D. H. Lawrence in *The Cambridge Editions Between 1915-1925*. D. H. Lawrence wrote a series of philosophicalish essays covering topics ranging from politics to nature and from religion to education. Varying in tone from lighthearted humor to spiritual meditation, they all share the underlying themes of Lawrence's mature work. Be thyself. As far as possible, the editors of the Cambridge Editions series have restored these essays to their original form as Lawrence wrote them. A discussion of the history of each essay is provided, and several incomplete and unpublished essays are reproduced in an appendix.
