Trinkka, 2022-02-27 This book examines the relationship between mobility lived religiosities and conceptions of divine personhood as they are preserved in textual corpora and material culture from Israel Judah Egypt and Mesopotamia By integrating evidence of the form and function of religiosities in contexts of mobility and migration this volume reconstructs mobility informed aspects of civic and household religiosities in Israel and its world Readers will find a robust theoretical framework for studying cultures of mobility and religiosities in the ancient past as well as a fresh understanding of the scope and texture of mobility informed religious identities that composed broader Yahwistic religious heritage *Cultures of Mobility Migration and Religion in Ancient Israel and Its World* will be of use to both specialists and informed readers interested in the history of mobilities and migrations in the ancient Near East as well as those interested in the development of Yahwism in its biblical and extra biblical forms A Crisis of Exile Dr. Brian Schumann, 2015-12-15 The concept of one God monotheism is a basic fundamental part of our culture and beliefs today However it hasnt always been that way Even the early Israelite people went wayward and worshiped other gods Yahweh was only a single God on the pantheon *A Crisis of Exile* delves into the biblical archaeological and historical records to uncover what the religion of Ancient Israel was really like Moreover it reveals how the Babylonian Exile became the catalyst for propelling the Israelites into monotheism A New Critical Approach to the History of Palestine Ingrid Hjelm, Hamdan Taha, Ilan Pappé, Thomas L. Thompson, 2019-06-07 *A New Critical Approach to the History of Palestine* discusses prospects and methods for a comprehensive evidence based history of Palestine with a critical use of recent historical archaeological and anthropological methods This history is not an exclusive history but one that is ethnically and culturally inclusive a history of and for all peoples who have lived in Palestine After an introductory essay offering a strategy for creating coherence and continuity from the earliest beginnings to the present the volume presents twenty articles from twenty two contributors fifteen of whom are of Middle Eastern origin or relation Split thematically into four parts the volume discusses ideology national identity and chronology in various

historiographies of Palestine and the legacy of memory and oral history the transient character of ethnicity in Palestine and questions regarding the ethical responsibilities of archaeologists and historians to protect the multi ethnic cultural heritage of Palestine landscape and memory and the values of community archaeology and bio archaeology and an exploration of the ideology of the land and its influence on Palestine s history and heritage The first in a series of books under the auspices of the Palestine History and Heritage Project PaHH the volume offers a challenging new departure for writing the history of Palestine and Israel throughout the ages A New Critical Approach to the History of Palestine explores the diverse history of the region against the backdrop of twentieth century scholarly construction of the history of Palestine as a history of a Jewish homeland with roots in an ancient biblical Israel and examines the implications of this ancient and recent history for archaeology and cultural heritage The book offers a fascinating new perspective for students and academics in the fields of anthropological political cultural and biblical history

Food in Ancient Judah Cynthia Shafer-Elliott, 2014-09-11 First published in 2013 The study of food in the Hebrew Bible and Syro Palestinian archaeology has tended to focus on kosher dietary laws the sacrificial system and feasting in elite contexts More everyday ritual and practice the preparation of food in the home has been overlooked Food in Ancient Judah explores both the archaeological remains and ancient Near Eastern sources to see what they reveal about the domestic gastronomic daily life of ancient Judahites within the narratives of the Hebrew Bible Beyond the findings the methodology of the study is in itself innovative Biblical passages that deal with domestic food preparation are translated and analysed Archaeological findings and relevant secondary resources are then applied to inform these passages Food in Ancient Judah reflects both the shift towards the study of everyday life in biblical studies and archaeology and the huge expansion of interest in food history it will be of interest to scholars in all these fields

The Quest for the Historical Israel Israel Finkelstein, Amihay Mazar, International Institute for Secular Humanistic Judaism. Colloquium, 2007-10-24 An engaging series of essays originally given at the International Institute for Secular Humanistic Judaism The aim of the colloquium was to make available the results of recent archaeological work to a wider interested public and specifically to bring science to bear on the early history of the Jewish people

Archaeology David Hurst Thomas, 1998 The Third Edition of Archaeology reflects the fascinating combination of traditional formal scientific technique and the postmodern humanistic approach that defines archaeology today Maintaining the dynamic account of history and theory found in previous editions the text also emphasizes the importance of ideology and cognition Students will enjoy the new diversity of today s archaeology and the manner in which it is reflected in the lively and humorous prose of one of the nation s foremost archaeologists

From Primitives to Primates David Van Reybrouck, 2012 Where do our images about early hominids come from In this fascinating in depth study David Van Reybrouck demonstrates how input from ethnography and primatology has deeply influenced our visions about the past from the 19th century to this day often far beyond the available evidence Victorian scholars were keen to look at contemporary Australian and Tasmanian aboriginals to

understand the enigmatic Neanderthal fossils Likewise today s primatologists debate to what extent bonobos baboons or chimps may be regarded as stand ins for early human ancestors The belief that the contemporary world provides living links still goes strong Such primate models Van Reybrouck argues continue the highly problematic comparative method of the Victorian times He goes on to show how the field of ethnoarchaeology has succeeded in circumventing the major pitfalls of such analogical reasoning A truly interdisciplinary study this work shows how scholars working in different fields can effectively improve their methods for interpreting the deep past by understanding the historical challenges of adjacent disciplines

Overviewing two centuries of intellectual debate in fields as diverse as archaeology ethnography and primatology Van Reybrouck s book is one long plea for trying to understand the past on its own terms rather than as facile projections from the present

David Van Reybrouck Bruges 1971 was trained as an archaeologist at the universities of Leuven Cambridge and Leiden Before becoming a highly successful literary author *The Plague Mission Congo* he worked as a historian of ideas For more than twelve years he was co editor of *Archaeological Dialogues* In 2011 12 he held the prestigious Cleveringa Chair at the University of Leiden
