The Polish Crisis and Relations with Eastern Europe, 1979-1982 Isabelle Tombs,Richard Smith,2017-03-16 This volume presents a collection of diplomatic documents describing Britain s relations with Eastern Europe from 1979 to 1982 with special focus on the crisis in Poland After coming to power in 1979 the Conservative Government of Margaret Thatcher reaffirmed a policy of differentiation between the Soviet Union and the rest of Eastern Europe and between individual countries concurrently it encouraged states to exercise a limited amount of independence This policy was soon put to the test when in 1980 Solidarno the Solidarity trade union led by Lech Wa sa challenged the power of the Party state in Poland Political demands social unrest and economic crisis culminated in the imposition of martial law in December 1981 finally suspended in December 1982 The volume maps the UK response in consultation with Western partners to the unfolding crisis in Poland the threat of Soviet intervention and the impact on other Communist states in Europe The volume also provides a flavour of bilateral UK relations with Albania Bulgaria Czechoslovakia the German Democratic Republic Hungary Romania and Yugoslavia highlighting themes such as human rights and trade This volume will be of great interest to students of British Politics Eastern European Politics Cold War History Diplomacy Studies and International Relations in general

East European Economies ,1985

East European Economies: Foreign trade and international finance ,1985

The Creditworthiness of Eastern Europe in the 1980s Keith Crane,1985 This report develops various scenarios to analyze the hard currency debt problems of Poland Hungary and Romania It considers the effect of adjustment policies on 1 those countries struggles with their balance of payments 2 their ability to generate more rapid increases in output through increased hard currency exports and 3 their levels of military expenditure while there is so much pressure on their balance of payments It concludes that if Romania and Hungary manage to service their debts in the next few years they should be creditworthy borrowers by the end of the 1980s but that Poland has little prospect of restoring solvency even in the 1990s Output growth in all three countries will be constrained by their ability to finance hard currency imports and to increase hard currency exports Western credit policy is not likely to affect either the independence of these countries from the Soviet Union or their military expenditures

Economic Policy in Eastern Europe Iliana Zloch-Christy,2000-08-30 In 1989 the post Communist countries of Eastern Europe opened their economies by establishing more open exchange rate policies and exchange controls and eliminating prohibitive tariffs and quotas Now trying to join the integrated world economy they are facing the challenge of finding strategic alliances and attracting foreign capital This book analyzes economic policy in

Eastern Europe with a focus on the financial arrangement of currency boards It examines the main challenges facing East European countries their economic policy strategies the main challenges to the economies that adopted currency boards and whether currency boards were a solution The book is organized into two parts Part I addresses the challenges to economic policy in Eastern Europe and Part II turns to the discussion of currency board arrangements

The West and Eastern Europe Thomas A. Baylis, 1994 An expert on East European politics and economics analyzes and evaluates Western policies toward the new East European democracies as they struggle to build stable political orders and functioning market economies He argues that the West must give higher priority to assisting the region and reorient its strategies so as to emphasize the political and administrative dimensions of economic reconstruction He reviews the economic legacy of past Western policies and of Eastern Europe's previous dependency on the Soviet Union and then examines in detail the changing East West trade patterns the prospect for Western investment and technology transfer the questions of finance debt and foreign aid and the dilemmas of market reform Students scholars policy analysts historians and business people will find this fascinating reading It is an excellent text for courses in U S foreign policy comparative politics international political economy East European and Slavic studies comparative economics and international trade and finance
