Denying History Michael Shermer, Alex Grobman, 2023-11-15

Denying History takes a bold and in depth look at those who say the Holocaust never happened and explores the motivations behind such claims While most commentators have dismissed the Holocaust deniers as antisemitic neo Nazi thugs who do not deserve a response historians Michael Shermer and Alex Grobman have immersed themselves in the minds and culture of these Holocaust revisionists In the process they show how we can be certain that the Holocaust happened and for that matter how we can confirm any historical event This edition is expanded with a new chapter and epilogue examining current shockingly mainstream revisionism Denying History takes a bold and in depth look at those who say the Holocaust never happened and explores the motivations behind such claims While most commentators have dismissed the Holocaust deniers as antisemitic neo Nazi thugs who do not dese

Desire, Violence, and Divinity in Modern Southern Fiction Gary M.

Ciuba, 2011-02-04 In this groundbreaking study Gary M Ciuba examines how four of the South s most probing writers of twentieth century fiction Katherine Anne Porter Flannery O Connor Cormac McCarthy and Walker Percy expose the roots of violence in southern culture Ciuba draws on the paradigm of mimetic violence developed by cultural and literary critic Ren Girard who maintains that individual human nature is shaped by the desire to imitate a model Mimetic desire may lead in turn to rivalry cruelty and ultimately community sanctioned and sometimes ritually sanctified victimization of those deemed outcasts Ciuba offers an impressively broad intellectual discussion that gives universal cultural meaning to the southern experience of desire violence and divinity with which these four authors wrestled and out of which they wrote In a comprehensive analysis of Porter s semiautobiographical Miranda stories Ciuba focuses on the prescribed role of women that Miranda imitates and ultimately escapes O Connor s The Violent Bear It Away reveals three characters whose scandalous animosity caused by religious rivalry leads to the unbearable stumbling block of violence McCarthy s protagonist in Child of God Lester Ballard appears as the culmination of a long tradition of the sacred violence of southern religion twisted into his own bloody faith And Percy s The Thanatos Syndrome brings Ciuba s discussion back to the victim in Tom Moore s renunciation of a society in which scapegoating threatens to become the foundation of a new social regime From nostalgia for the old order to visions of a utopian tomorrow these authors have imagined the interrelationship of desire antagonism and religion throughout southern history Ciuba s insights offer new ways of reading Porter O Connor McCarthy and Percy as well as their contemporaries who inhabited the same culture of violence violence desired dreaded denied and deified

Antisemitism in North America Steven K. Baum, Neil J. Kressel, Florette Cohen, Steven Leonard Jacobs, 2016-01-27 In

Antisemitism in North America the editors have brought together an impressive array of scholars from diverse disciplines and political orientations to assess the condition of the Jews in the United States Canada Mexico and the Caribbean The contributors do not always agree with each other but they offer perspectives of why the Jewish experience in North America

has neither been free from antisemitism nor ever so unwelcoming and dangerous as the countries from which they came Contributors examine antisemitism in culture politics religion law and higher education Post-Zionism, Post-Holocaust Elhanan Yakira,2010 This book contains three essays that examine three forms of anti Zionism and their use of the Holocaust to delegitimize Israel **Denying the Holocaust** Deborah E. Lipstadt,2012-12-18 The denial of the Holocaust has no more credibility than the assertion that the earth is flat Yet there are those who insist that the death of six million Jews in Nazi concentration camps is nothing but a hoax perpetrated by a powerful Zionist conspiracy Sixty years ago such notions were the province of pseudohistorians who argued that Hitler never meant to kill the Jews and that only a few hundred thousand died in the camps from disease they also argued that the Allied bombings of Dresden and other cities were worse than any Nazi offense and that the Germans were the true victims of World War II For years those who made such claims were dismissed as harmless cranks operating on the lunatic fringe But as time goes on they have begun to gain a hearing in respectable arenas and now in the first full scale history of Holocaust denial Deborah Lipstadt shows how despite tens of thousands of living witnesses and vast amounts of documentary evidence this irrational idea not only has continued to gain adherents but has become an international movement with organized chapters independent research centers and official publications that promote a revisionist view of recent history Lipstadt shows how Holocaust denial thrives in the current atmosphere of value relativism and argues that this chilling attack on the factual record not only threatens Jews but undermines the very tenets of objective scholarship that support our faith in historical knowledge Thus the movement has an unsuspected power to dramatically alter the way that truth and meaning are transmitted from one generation to another

Holocaust Denial John C. Zimmerman,2000-11-08 Zimmerman s work is the only book that comprehensively examines the underlying arguments of Holocaust denial He goes into great depth on the actual arguments that deniers use Holocaust Denial examines their methodology use of sources and reasoning process Historians have been very reluctant to examine denier arguments because they do not want to draw attention to them But this movement is gaining ground in Europe and Canada and will only become stronger as the World War II generation passes away This book will debunk all of the denier arguments Zimmerman will finally provide the reader who is interested in the actual arguments of denial a means to evaluate their legitimacy The true value of this book will be realized when the last of that generation is gone This book is of value to historians and Holocaust scholars as well as anyone interested in the Holocaust and the denial movement *Holocaust Denial* Alexander Baron,1994 **The California Handbook** ,1981 *Brownshirt Princess* Lionel Gossman,2009 Marie Adelheid Prinzessin Reu zur Lippe was a rebellious young woman and aspiring writer from an ancient princely family who became a fervent Nazi Heinrich Vogeler was a well regarded Jugendstil artist who was to join the German Communist Party and later emigrate to the Soviet Union Ludwig Roselius was a successful Bremen businessman who had made a fortune from his invention of decaffeinated coffee What was it about the revolutionary climate following Germany s defeat in World War I

that induced three such different personalities to collaborate in the production of a slim volume of poetry entitled *Gott in mir* about the indwelling of the divine within the human Part I of Gossman's study situates the poem in the ideological context that made the collaboration possible pantheism Darwinism disillusionment with traditional liberal values theosophy and völkisch religions and Lebensreform In part II Gossman outlines the subsequent life of the Princess who until her death in 1993 continued to support and celebrate the ideals and heroes of National Socialism The aim of Gossman's study is to gain insight into the sources and character of the Nazi Conscience As such it is invaluable reading for anybody interested in understanding German society during the inter war and Nazi periods Architects of Fear George Johnson, 1983

Auschwitz Wilhelm Stäglich, 1990 **The Holocaust** Paul Kuttner, 1996 The book is composed of statements made by deniers and Kuttner's rebuttals based on historical documents and testimonies Presents the main arguments put forward by Holocaust deniers Some of them allege that the Holocaust did not take place at all others try to diminish its scope or relativize it Some revisionists although they do not deny the fact of the mass murder of Jews challenge the existence of killing centers and gas chambers or try to absolve perpetrators or collaborator groups of responsibility Many allegations attack the Jews in one way or another and border on justification of the Nazi genocide **Jahrbuch des Simon-Dubnow-Instituts**

, 2009 *Landmark Briefs and Arguments of the Supreme Court of the United States* United States. Supreme Court, 1987
