Decade The 1950s:

Fashions of a Decade Patricia Baker,2007 **The 1950s Decade in Photos** Jim Corrigan,2010-01-01 Describes the important world national and cultural developments of the decade 1950 1959 *The 50s: The Story of a Decade* The New Yorker Magazine,2015-10-27 This engrossing anthology assembles classic New Yorker pieces from a complex era enshrined in the popular imagination as the decade of poodle skirts and Cold War paranoia featuring contributions from Philip Roth John Updike Nadine Gordimer and Adrienne Rich along with fresh analysis of the 1950s by some of today s finest writers The New Yorker was there in real time chronicling the tensions and innovations that lay beneath the era s placid surface In this thrilling volume classic works of reportage criticism and fiction are complemented by new contributions from the magazine s present all star lineup of writers The magazine s commitment to overseas reporting flourished in the 1950s leading to important dispatches from East Berlin the Gaza Strip and Cuba during the rise of Castro Closer to home the fight to break barriers and establish a new American identity led to both illuminating coverage as in a portrait of Thurgood Marshall at an NAACP meeting in Atlanta and trenchant commentary as in E B White s blistering critique of Senator Joe McCarthy The arts scene is recalled in critical writing rarely reprinted including Wolcott Gibbs on My Fair Lady Anthony West on Invisible Man and Philip Hamburger on Candid Camera Also featured are great early works from Philip Roth and Nadine Gordimer as well as startling poems by Theodore Roethke and Anne Sexton among others Completing the panoply are insightful and entertaining new pieces by present day New Yorker contributors examining the 1950s through contemporary eyes The result is a vital portrait of American culture as only one magazine in the world could do it Including contributions by Elizabeth Bishop Truman Capote John Cheever Roald Dahl Janet Flanner Nadine Gordimer A J Liebling Dwight Macdonald Joseph Mitchell Marianne Moore Vladimir Nabokov Sylvia Plath V S Pritchett Adrienne Rich Lillian Ross Philip Roth Anne Sexton James Thurber John Updike Eudora Welty E B White Edmund Wilson And featuring new perspectives by Jonathan Franzen Malcolm Gladwell Adam Gopnik Elizabeth Kolbert Jill Lepore Rebecca Mead Paul Muldoon Evan Osnos David Remnick Praise for *The 50s* Superb a gift that keeps on giving Kirkus Reviews starred review A magnificent anthology Literary Review

The 1950s Nick Bentley,Alice Ferrebe,Nick Hubble,2018-09-06 How did social cultural and political events in Britain during the 1950s shape modern British fiction As Britain emerged from the shadow of war into the new decade of the 1950s the seeds of profound social change were being sown Exploring the full range of fiction in the 1950s this volume surveys the ways in which these changes were reflected in British culture Chapters cover the rise of the Angry Young Men an emerging youth culture and vivid new voices from immigrant and feminist writers A major critical re evaluation of the decade the book covers such writers as Margery Allingham Kingsley Amis E R Braithwaite Rodney Garland Martyn Goff Attia Hosain George Lamming Marghanita Laski Doris Lessing Colin MacInnes Naomi Mitchison V S Naipaul Barbara Pym Mary Renault Sam Selvon Alan Sillitoe John Sommerfield Muriel Spark J R R Tolkien Angus Wilson and John Wyndham *The 1950s* Patricia

Baker,1991 Part of a history of fashion series which looks at the 20th century decade by decade This volume looks at the style of the 1950s and the social and cultural background to the fashions of the period The book is illustrated with a mixture of original paintings and contemporary illustrations *Decade, the 1950s* Brian Wilson Aldiss,Harry Harrison,1976-01-01

The Lost Decade? The 1950s in European History, Politics, Society and Culture Heiko Feldner,Claire Gorrara,Kevin Passmore,2010-10-12 This volume of essays explores the social political and cultural legacies of a decade which has until relatively recently received scant scholarly attention Sandwiched uncomfortably between the traumatic events of the Second World War and the dramatic changes of the 1960s the 1950s appeared as seemingly transitional years while they were in fact an astonishingly fecund period of reassessment and experimentation when traditional models were re evaluated and new models were road tested to be either developed or rejected An important intervention in the dynamic scholarly re examination of the 1950s this volume analyzes these years in relation to three broadly defined areas historiography politics and society and culture What emerges from all three parts of the volume is a vision of the 1950s as a decade which was to have a profound impact on post war European identities in two key respects as a time of accelerated European intellectual exchange and as a time of fertile receptivity to the new variously formulated and contested across and within national borders Written by experts in the field the contributions to this volume represent some of the most exciting work on the 1950s currently being undertaken in Europe and the US They combine high intellectual standards with accessibility and will appeal to academics students and the general reader alike **American Decades Primary Sources: 1950-1959** Cynthia Rose,2004 Contains over two thousand primary sources on twentieth century American history and culture featuring seventy five different types of sources arranged chronologically in twelve categories including the arts education government and politics media medicine and health religion and sports **1985 Proceedings Federal Acquisition Research Symposium** ,1985 Responsible Partisanship? John Clifford Green,Paul S. Herrnson,2002 More than fifty years have passed since the American Political Science Association published *Toward a More Responsible Two Party System* a controversial report that addressed the lack of national cohesion within the major parties Although parties have changed a great deal since then they remain a critical component of American democracy While the possibilities and limits of responsible party government have been central topics in the literature since 1950 this book is the first to reassess all aspects of the APSA report Here a distinguished group of scholars among them Charles O Jones Barbara Sinclair Frank J Sorauf John Bibby and Gerald Pomper examine the effectiveness accountability and relevance of parties to the democratic process These articles cover all major relevant topics focusing on recent changes in laws that govern parties innovations in party organization party finance and the relationships among political consultants and parties They examine the place of the party in government including chapters on the changing role of parties in Congress and in the presidency and also consider the roles of parties among the electorate examining trends in voting behavior party identification and ideology A capstone essay by Leon Epstein the dean of American

party scholars reviews the ongoing quest for responsible partisanship over the past half century These contributors offer a mixed assessment of the two party system showing that parties are in many respects stronger at the national level than they were in 1950 but not necessarily more responsible The most comprehensive description and analysis of American parties now available Responsible Partisanship should become required reading for all students and citizens concerned with making parties more accountable instruments of government Relevant No More? Mark D. Brewer,2003-01-01 This text re examines prevailing views on the political affiliations of religious voters Examining both the history of religious voting behaviour and contemporary trends Mark Brewer argues that the supposedly drastic shift of the allegiance of American Catholics from the Democratic party to the Republican party has been greatly exaggerated He then provides an exploration of the views and outlooks which divide Catholic and Protestant voting behaviour making a convincing case that many of these differences originate in the religions worldviews *This Decade in History*,2013 **Using R for Data Analysis in Social Sciences** Quan Li,2018-05-09 Statistical analysis is common in the social sciences and among the more popular programs is R This book provides a foundation for undergraduate and graduate students in the social sciences on how to use R to manage visualize and analyze data The focus is on how to address substantive questions with data analysis and replicate published findings Using R for Data Analysis in Social Sciences adopts a minimalist approach and covers only the most important functions and skills in R to conduct reproducible research It emphasizes the practical needs of students using R by showing how to import inspect and manage data understand the logic of statistical inference visualize data and findings via histograms boxplots scatterplots and diagnostic plots and analyze data using one sample t test difference of means test covariance correlation ordinary least squares OLS regression and model assumption diagnostics It also demonstrates how to replicate the findings in published journal articles and diagnose model assumption violations Because the book integrates R programming the logic and steps of statistical inference and the process of empirical social scientific research in a highly accessible and structured fashion it is appropriate for any introductory course on R data analysis and empirical social scientific research **The Dynamics of Southern Politics** Seth C. McKee,2018-07-17 I cannot praise the author enough for rising to the challenge of providing students with an accessible trip through time to show the emergence of the one party South and how the South evolved over time Keith Lee Georgia College Taking a hard look at the changing demographics in the American South The Dynamics of Southern Politics discusses how this region remains exceptional while also addressing how that exceptionalism is eroding Author Seth McKee tells a historically rich story going back to the end of the Civil War tracks electoral changes to the present and explores some of the most significant components contributing to partisan change Supported by a host of detailed tables and figures this book pairs a strong historical foundation with an in depth analysis of the contemporary region **The 1950's** Emily Wilson,2024-12-24 The 1950s A Decade of Prosperity Innovation and Cultural Change By Emily J Wilson Step back into one of the most transformative decades in modern history with The

1950s A Decade of Prosperity Innovation and Cultural Change This meticulously researched historical non fiction book delves into the profound shifts that defined the era From the post war optimism that spurred suburbanization and economic growth to the birth of rock and roll and the fight for civil rights this book captures the vibrant essence of the 1950s Explore pivotal moments in science politics and culture the dawn of the space age the rise of consumer culture and the lasting impact of the interstate highway system Through compelling narratives and insightful analysis author Emily J Wilson reveals how this remarkable decade shaped the modern world Perfect for history enthusiasts and casual readers alike The 1950s is a journey through time that highlights the optimism challenges and innovations of an unforgettable era

The Presidency of John F. Kennedy James N. Giglio, 2006 The presidency of John F Kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of Camelot s fallen king Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio s bestselling study widely acclaimed as the best and most balanced book on JFK s White House years Giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy s youth and vigor He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK s prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam Giglio shows Kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low level White House employees and even virtual strangers Surveying this field of conquest Giglio suggests that JFK s sexual obsession could easily have affected his presidency even more during a second term His work also amplifies coverage of key issues like civil rights the Cuban missile crisis and Vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed Like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on Kennedy s watch Featuring an expanded bibliographical essay and twenty two photos from the JFK library The Presidency of John F Kennedy remains the definitive appraisal of Camelot s kingdom

The Decade That Shaped Television News Sig Mickelson, 1998-08-27 Television news made meteoric progress in the 1950s It rose from being a plaything for the rich to a major factor in informing the American public and an aggressive rival to newspapers radio and news magazines This volume is an insider s account of the arduous and frequently critical steps undertaken by inexperienced staffs in the development of television news documentaries and sports broadcasts The author the first president of CBS News provides a treasure trove of facts and anecdotes about plotting in the corridors the ascendancy of stars and the retirement

into oblivion of the less favored This volume is an important contribution to the history of television journalism and will appeal both to journalism and broadcasting scholars and to those interested in the meteoric rise of television
