Deceitful Heart:

Spiritual Deception Dr. Larry E Adams, 2021-02-02 This book is about spiritual deceit the invisible enemy that has become a part of our nature It is about that which is hidden in the hearts of man connecting him with the desires of his flesh Since the fall of man and having been infected by a sinful nature we struggle even to become aware of the working of this iniquity that is out of control This book reveals to us the blindness and influence that is the result of not accepting the fact that we must struggle spiritually in every area of our lives to overcome deceit and starting within We can not accomplish this without the help of our Lord and Savior Jesus Christ Deception is the most powerful force against mankind and until we realize that we are in spiritual warfare our perceptions of life will remain dim and confused God hates deception even the practice of it for any reason Galatians 6 7 KJV *Origins Of The Soul* Emmanuel Eroume A. Egom, 2025-07-11 Begin at the beginning not just of the world but of yourself In *Origins of the Soul* we return to the sacred silence before the first heartbeat the first word the first wound This volume explores the spiritual science of Genesis through the lens of entropy alignment and soul memory What if creation is not just a story of light but a blueprint of coherence What if your symptoms are not failures but invitations Combining cosmology sacred text and spiritual cardiology this opening volume reclaims the creation narrative as a healing map illuminating how disconnection from rhythm leads to disorder and how re alignment returns us to our divine architecture This is not theology it s soul physiology **Minding the Heart** Saucy, Robert, 2013-09-13 The heart is the most important biblical term for the person s nature and actions Indeed the heart is the control center of life It is the very place where God works to change us But how does this growth take place How are Christians to discover the steadfast spirit of David s psalm In *Minding the Heart* Robert L Saucy offers insightful instruction on what spiritual transformation is and how to achieve it He shows how renewing one s mind through meditation action and community can begin the process of change but ultimately the final change the change that brings abundant life can only come through a vital relationship with God The renewing of the heart is an inescapable human need writes Saucy but the solution lies only within the realm of the divine Drawing from inspiring Bible passages as well as selected scientific studies Saucy demonstrates how to make lasting change so Christians can finally achieve the joys of becoming more like Christ *God and Primordial People* Paul Poulton, 2018-02-16 The modern world is in a position to view the divine sculptor s work as no other generation has Throughout previous generations many people believed that God created life but preceding generations were not privy to the method and manner in which he worked his modus operandi We are now in that position thanks to the fine work of archaeologists geologists paleontologists and scientists some of whom have faith in God the Big Bang Theory itself was first proposed by a Christian priest who was also a scientist This explosion of verifiable information affects the way we view the Bible *God and Primordial People* investigates and provides a cohesive picture of the Christian doctrine of the rise and fall of man and our salvation through Christ The book moves through each relevant step in the chain from the first primordial
