The World's Great Classics: Ancient history, by G. Rawlinson ,1902 *Decisive Battles of the U.S.A., 1776-1918* J. F. C. Fuller, 2007-06-01 Believing that our past wars have been a major factor in making this country what it is Maj Gen J F C Fuller 1878 1966 presents in this comprehensive study a complete roster of those crucial actions on which our national life has turned A professional soldier military writer and historian of international repute Fuller has written a lucid nontechnical and absorbing account of every decisive American battle from Revolutionary times to the outbreak of World War II including all the historic conflicts that have become epics of American courage and strength from Trenton and Vicksburg to San Juan Hill and Meuse Argonne Each battle is fully described enlightening information is provided on the military tactics employed and the historical consequences of each are clearly examined The author has also provided a cogent synopsis of the years between the decisive battles *Index to the World Great Classics* ,1902 **The Fifteen Decisive Battles of the World** Edward Shepherd Creasy, 1918 *The Battle of Vouillé, 507 CE* Ralph W. Mathisen, Danuta Shanzer, 2012-07-04 This volume highlights the heretofore largely neglected Battle of Vouill in 507 CE when the Frankish King Clovis defeated Alaric II the King of the Visigoths Clovis victory proved a crucial step in the expulsion of the Visigoths from Francia into Spain thereby leaving Gaul largely to the Franks It was arguably in the wake of Vouill that Gaul became Francia and that France began The editors have united an international team of experts on Late Antiquity and the Merovingian Kingdoms to reexamine the battle from multiple as well as interdisciplinary perspectives The contributions address questions of military strategy geographical location archaeological footprint political background religious propaganda consequences both in Francia and in Italy and significance There is a strong focus on the close reading of primary source material both textual and material secular and theological **The World's Great Classics** ,1902 **The Allure of Battle** Cathal J. I. Lenin: The imperialist war Vladimir Il'ich Lenin, 1930 **Seven Myths of Military History** John D. Hosler, Alfred J. Andrea, Andrew Holt, 2022-03-01 This brief provocative and accessible book offers snapshots of seven pernicious myths in

military history that have been perpetrated on unsuspecting students readers moviegoers game players and politicians It promotes awareness of how myths are created by the spurious misuse and ignorance of history and how misleading ideas about a military problem as in asymmetric warfare can lead to misguided solutions Both scholarly and engaging this book is an ideal addition to military history and historical methodology courses In fact it could be fruitfully used in any course that teaches critical thinking skills including courses outside the discipline of history Military history has a broad appeal to students and there s something here for everyone From the so called Western Way of War to its sister myth technological determinism to the academic party game of once faddish Military Revolutions the book shows that while myths about history may be fun myth busting is the most fun of all Reina Pennington Norwich University *Professional Journal of the United States Army* ,2004

The Battle for Manchuria and the Fate of China Harold M. Tanner,2013-03-18 In the spring of 1946 Communists and Nationalist Chinese were battled for control of Manchuria and supremacy in the civil war The Nationalist attack on Siping ended with a Communist withdrawal but further pursuit was halted by a cease fire brokered by the American general George Marshall Within three years Mao Zedong s troops had captured Manchuria and would soon drive Chiang Kai shek s forces off the mainland Did Marshall as Chiang later claimed save the Communists and determine China s fate Putting the battle into the context of the military and political struggles fought Harold M Tanner casts light on all sides of this historic confrontation and shows how the outcome has been and continues to be interpreted to suit the needs of competing visions of China s past and future

Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
