**Beyond Survival** Kofi Anyidoho, Abena P. A. Busia, Anne V. Adams, 1999 Even in the best of times the artist is constantly reaching beyond the present the severity of Africa s present situation of crisis must urge our artists even farther into their version of a new life In Beyond Survival some of the best interpreters of African Literature focus on the role of the creative artist as a critical assessor confidence builder and inspirer to excellence The central theme of this important collection of essays is inspired by the belief that given the severity of the current crisis of life for African peoples and given the intuitive and cultivated ability of the creative artist to monitor and accurately capture the complexities of any human institution close attention to the world of African and African heritage writers should provide not only important insights into various dimensions of the problem but also and perhaps even more crucial subtle but reliable pointers to probable solutions More than any other group of people it is perhaps to the artists we must turn for a creative but ultimately realizable vision of the future The contributors fall under five broad headings beginning with an introductory section featuring three important

addresses delivered during the 1994 ALA annual conference in Accra Ghana at which these papers were first presented as well a specially commissioned essay in memory of the late Flora Nwapa one of Africa's best known pioneer women writers. The four other sections present a total of twenty essays focussing on Shifting Paradigms, New Life Language and Artistic Tradition, New Life Language Literature and Resistance Strategies. *Implications of a Global Religious Movement for Local Political Spheres* Katharina Hofer, 2006. Die vorliegende Studie befasst sich mit der öffentlichen Rolle der evangelikalen Bewegung in Kenia und Uganda. Der Untersuchung liegt die Hypothese zugrunde, dass die Anziehungskraft dieser rasant wachsenden Religionsgemeinschaft nicht nur von ihrer charismatischen Spiritualität ausgeht, sondern auch von ihrer konservativen Weltanschauung. Sie dient der Stabilisierung im Zuge komplexer gesellschaftlicher und wirtschaftlicher Wandlungsprozesse. Die evangelikale Bewegung befriedigt jedoch nicht nur das persönliche Sicherheitsbedürfnis, sie stellt auch psychologische und materielle Ressourcen für ein aktives Eingreifen in den Wandlungsprozess bereit. Für die Gegenüberstellung von religiösen und politischen Ordnungsvorstellungen wurde eine Erhebung zu politischen und sozialen Einstellungsmustern durchgeführt. Das Ergebnis der Erhebung zeigt, dass Anhänger der evangelikalen Bewegung im Vergleich mit Anhängern anderer Religionsgemeinschaften einerseits stärker zu politischem Autoritarismus und Vorurteilen neigen, andererseits jedoch für einen an neo-konservativen Werten angelehnten sozio-ökonomischen Wandlungsprozess eintreten. **English in Africa**, 1997. *One World, Many Cultures* Stuart Hirschberg, Terry Hirschberg, 2005-12. This truly global multicultural reader features almost 60 contemporary selections by internationally acclaimed authors from 22 countries. These compelling readings explore cultural differences in relation to race, class, gender, and nationality, challenging readers to compare their experiences with those of others in radically different cultural circumstances. Introduces readers to the culture and people of other countries through the eyes of someone from that culture. Family life, adolescent relationships, gender roles, work, and the environment, race, and class conflicts, social and political issues, the other, and customs, rituals, and values from the perspectives of authors from 22 countries. General interest in global issues, other cultures. Awakenings Myōng-ji Pae, Yu Jin Seng, Katsuo Suzuki, National Gallery Singapore, 2019. A curatorial collaboration between National Gallery Singapore, The National Museum of Modern Art Tokyo, National Museum of Modern and Contemporary Art Korea, and The Japan Foundation Asia Center. *Awakenings* investigates how radical artists making experimental art acted as catalysts for change during one of Asia's most turbulent periods, the 1960s to 1990s. Such upheavals were a clarion call for interrogation, leading artists to question the structures of art and the rapidly shifting societies around them. This densely illustrated catalogue unpacks the propositions of the exhibition with nine scholarly essays, while curatorial features contextualise the critical art movements and artist groups of the time. *The Literary Griot*, 2000. Explorations in Sights and Sounds, 1988.
