Beyond Liberal Democracy in Schools Barbara J. Thayer-Bacon,2008 In this unique union of philosophy and ethnographic research Barbara Thayer Bacon explains how the individualist legacy of liberal democracy as conceived by Locke and Rousseau ignores and excludes the needs of American students raised in cultures with strong communal traditions Drawing upon her experience with the educational methods of other cultures as well as the work of modern educational philosophers such as Dewey Barber Young and Mouffe and Laclau

Thayer Bacon shows us how our current vision of the democratic process as revealed in school practices routinely fails minority students She offers recommendations to help us develop learning environments for students that are culturally aware anti racist and relationally focused This radical reimagining of American schools will be beneficial to researchers and practitioners alike This book illustrates how current educational theories marginalize students belonging to a variety of minority populations Native American Mexican American African American offers a new theory of educational philosophy that values both individuals and communities and makes room for emotion and intuition as learning tools and envisions new ways of teaching based on the author s experiences studying and observing schools in other cultures *International Research on the Impact of Accountability Systems* Louise F. Deretchin, Cheryl J. Craig, 2006-12-20 *International Research on the Impact of Accountability Systems Teacher Education Yearbook XV* presents multiple perspectives from well known teachers and researchers involved in the creation and maintenance of accountability systems both nationally and globally These essays will help readers make well informed and productive decisions when designing and assessing these kinds of systems Accountability systems can direct or redirect entire educational systems supporting and strengthening or limiting and weakening They are frequently enacted with inadequate knowledge of how effective or ineffective the system will be or of the unintended consequences emanating from them This yearbook will be a useful resource for educators policymakers and community members

Conflict of Interests Joel H. Spring, 1998 Providing a critical understanding of the political and social forces shaping educational politics in the United States this concise text describes and analyzes how policy is made for American schools and its effect on all of our lives and thinking Joel Spring argues that the politics of Education is driven by a complex interrelationship between politicians private foundations and think tanks teachers unions special interest groups educational politicians school administrators boards of education courts and the knowledge industry The text uses many current examples to illustrate conflicts over educational policies *Conflict of Interests: The Politics of American Education* Joel H. Spring, 2005 Publisher Description

How Children Learn Terese Fayden, 2005 The inspirational stories of young learners in this book discredit assumptions behind recent educational reforms including high stakes testing and No Child Left Behind policies The experiences of the American Indian children and the author a kindergarten teacher challenge the widely held assumption that minority children enter school at risk Deficit theory assumes that minority children are responsible for their failure by cultural deficiency or family ineptitude Fayden vividly shows how truly equitable treatment of minority children can improve students inherent abilities to learn and can result in higher achievement for minority and all young children
