Deep Blue Sea By Harcourt Brace Practice:

The Wager David Grann, 2023-04-18 1 NEW YORK TIMES BESTSELLER From the author of *Killers of the Flower Moon* a page turning story of shipwreck survival and savagery culminating in a court martial that reveals a shocking truth The powerful narrative reveals the deeper meaning of the events on *The Wager* showing that it was not only the captain and crew who ended up on trial but the very idea of empire A Best Book of the Year The New York Times The Wall Street Journal The New Yorker TIME Smithsonian NPR Vulture Kirkus Reviews Riveting Reads like a thriller tackling a multilayered history and imperialism with gusto Time A tour de force of narrative nonfiction The Wall Street Journal On January 28 1742 a ramshackle vessel of patched together wood and cloth washed up on the coast of Brazil Inside were thirty emaciated men barely alive and they had an extraordinary tale to tell They were survivors of His Majesty's Ship the *Wager* a British vessel that had left England in 1740 on a secret mission during an imperial war with Spain While the *Wager* had been chasing a Spanish treasure filled galleon known as the prize of all the oceans it had wrecked on a desolate island off the coast of Patagonia The men after being marooned for months and facing starvation built the flimsy craft and sailed for more than a hundred days traversing nearly 3 000 miles of storm wracked seas They were greeted as heroes But then six months later another even more decrepit craft landed on the coast of Chile This boat contained just three castaways and they told a very different story The thirty sailors who landed in Brazil were not heroes they were mutineers The first group responded with countercharges of their own of a tyrannical and murderous senior officer and his henchmen It became clear that while stranded on the island the crew had fallen into anarchy with warring factions fighting for dominion over the barren wilderness As accusations of treachery and murder flew the Admiralty convened a court martial to determine who was telling the truth The stakes were life and death for whomever the court found guilty could hang *The Wager* is a grand tale of human behavior at the extremes told by one of our greatest nonfiction writers Grann's recreation of the hidden world on a British warship rivals the work of Patrick O'Brian his portrayal of the castaways desperate straits stands up to the classics of survival writing such as *The Endurance* and his account of the court martial has the savvy of a Scott Turow thriller As always with Grann's work the incredible twists of the narrative hold the reader spellbound *El-Hi Textbooks & Serials in Print, 2005, 2005*

Hannah Freed-Thall,2023-03-07 Winner 2024 MSA Book Prize Modernist Studies Association At the beach bodies converge
with the elements and strange treasures come to light Departing from the conventional association of modernism with the
city this book makes a case for the coastal zone as a surprisingly generative setting for twentieth century literature and art
An unruly and elusive confluence of human and more than human forces the seashore is also a space of performance a stage
for loosely scripted improvisatory forms of embodiment and togetherness The beach Hannah Freed Thall argues was to the
modernist imagination what mountains were to Romanticism a space not merely of anthropogenic conquest but of vital
elemental and creaturely connection With an eye to the peripheries of capitalist leisure Freed Thall recasts familiar seaside
practices including tide pooling beachcombing gambling and sunbathing as radical experiments in perception and sociability
Close readings of works by Marcel Proust Virginia Woolf Claude McKay Samuel Beckett Rachel Carson and Gordon Matta
Clark among others explore the modernist beach as a queer refuge a precarious commons a scene of collective exhaustion
and endurance and a visionary threshold at the end of the world Interweaving environmental humanities queer and feminist
theory and cultural history Modernism at the Beach offers new ways of understanding twentieth century literature and its
relation to ecological thought **Dictionary Catalog** Schomburg Collection of Negro Literature and History,1962 **El-Hi**
