Copper Scroll Studies:

Copper Scroll Studies George J. Brooke, Philip R. Davies, 2004-10-27 This book contains the papers delivered at the 1996 Copper Scroll Symposium which was organized by the Manchester Sheffield Centre for Dead Sea Scrolls Research to mark the 40th Anniversary of the opening of this enigmatic scroll in Manchester The papers cover the history of the Scroll s interpretation P Muchowski P Davies B Segal M Wise how it should be conserved restored and read N Cacoudre M Lundberg E Puech how it was produced P Kyle McCarter the meaning of its technical terms J F Elwolde A Lange J Lefkovits J Lubbe L Schiffman its genre M Bar Ilan R Fidler T Lim its geography P S Alexander its correlation with archaeological remains H Eshel and not least who wrote it when and why S Goranson I Knohl H Stegemann B Thierine A Wolters with an Introduction by G Brooke This is volume 40 in the Journal for the Study of Pseudepigrapha Supplement series **The Copper Scroll - 3Q15: A Reevaluation** Judah K. Lefkovits, 2018-11-26 This volume deals with the Copper Scroll an almost two thousand year old cryptic proto Mishnaic Hebrew Dead Sea document It is the largest known ancient text to have ever been recorded on metal The Introduction covers the nature and site of the discovery opening of the two brittle oxidized copper rolls deciphering the text controversy about genuineness of the content etc The in depth study presents the primary major studies and offers a new reading translation and interpretation including alternatives as well as detailed studies of some unique aspects The analysis is based on Rabbinical Jewish sources originating largely in the same historical era This results into a more reliable interpretation of the Copper Scroll which probably originates from the Priestly leaders of Jerusalem and contains a list of the hidden treasures of the Second Temple before its destruction by the Romans **The Cave 3 Copper Scroll: A Symbolic Journey** Jesper Høgenhaven, 2020-07-13 In The Cave 3 Copper Scroll A Symbolic Journey Jesper Høgenhaven presents a reading of the Copper Scroll as a literary text For more than 60 years scholars have debated whether or not the treasures recorded here reflect historical realities This study argues that the dichotomy between facts and fiction is inadequate for a proper understanding of the Copper Scroll The document was designed to convey specific images to its readers thus staying true to the format of an instruction for retrieving hidden treasures Yet the evoked landscape is dense with symbolical associations and the journey through it reflects deliberate narrative patterns The scroll was written against the background of the social and political turmoil of Jewish Palestine in the 1st century CE and reflects contemporary concerns and interests **The Copper Scroll and the Search for the Temple Treasure** Hershel Shanks, 2007 This book tells the intriguing story of two copper rolls now known as the Copper Scroll discovered in the Judean desert more than 50 years ago Most scholars agree this unique scroll describes the treasures of the Jerusalem Temple that were buried shortly before 70 C E when the Roman legions burned the city and its holy sanctuary Accompany author Hershel Shanks as he explains the Copper Scroll s enigmatic contents takes you on a quest for the legendary treasure and describes the high tech methods used to decipher and preserve this important ancient document Publisher **The Copper Scroll Project** Shelley

Neese,2018-07-24 The history behind the Copper Scroll and the true story of Jim Barfield s quest for its treasure Whether the objects are of legend or history certain ancient mysteries arrest the imaginations of every generation These antiquities refuse to be forgotten by the human spirit hidden sufficiently to evade discovery but historically prominent enough to leave a smattering of clues Many explorers have fallen prey to fortune s siren call spending their lifetimes searching for the artifacts that promise to alter human history The Copper Scroll Project is a relative newcomer to the modern treasure hunt Part of the Dead Sea Scrolls collection the Copper Scroll is unlike any of the leather and papyrus documents though not simply for its copper plates The relic reads like a coded map listing dozens of hiding spots where tithes and vessels thought to be secreted from the Jewish Temple were stored for safekeeping More than fifty years after archaeologists found this unique artifact in a cave near Qumran four adventurers have dared to chase after the scroll s priceless relics A unique introduction not only to a famous biblical mystery but to the world of American Christian interest in Israel which remains opaque or bewildering to many outsiders and is often caricatured Matti Friedman author of *The Aleppo Codex* Equal parts mystery treasure hunt and erudite elucidation of biblical history Chanan Tigay author of *The Last Moses* Neese s narrative pacing and story telling is masterful She gets the political and religious nuances of contemporary Israel Elliot Jager Jerusalem based author and former editorial page editor at *The Jerusalem Post* [Jerusalem, Alexandria, Rome](#) Antonius Hilhorst, Florentino Garca
