## **A Manual Of Hadith:**

A Manual of Hadith Muhammad Ali,1944-01-01 Ali produced this hadith translation during WWII so had to reduce the manuscript by one third because of paper shortages The intent of this volume was to provide a compendium of the Sahih Bukhari related to the practical life rather than to spiritual or historical concerns of Muslims the work is intended primarily to guide English speaking Muslim converts

**Manual Of Hadith** Maulana Muhammad Ali,2013-09-05 For the western scholar of Islam the great body of Arabic literature known as the Hadith has long been of outstanding interest and a subject of intensive study Hadith as a common noun simply means talk conversation but in the technical religious sense it is used for the individual reported sayings of the Prophet his Companions the first caliphs and others of the pious scholars of early Islam and from this usage it has become a generic term for the whole corpus of these sayings The present book of Maulana Muhammad Ali contains 690 traditions some three quarters of them derived from al Bukhart s Sahih and the rest from the other sunan and authoritative compilations

**A Manual of Hadith** Maulana Ali,2016-01-25 The present work was undertaken to fulfil primarily the need of English converts to Islam but it is really a work the need of which is felt throughout the English speaking Muslim world It is a faithful picture of the culture of Islam at its source free from foreign influence and independent of later growth It shows what the Holy Prophet Muhammad peace and blessings of Allah be on him said and did and what lives his Companions led This is technically known as the Sunnah lit a manner of acting or a mode

of life of the Holy Prophet and is popularly known as Hadith lit a saying being a record of what he said did or approved Hadith literature is vast there being several collections the most important of which are known as the Sihah Sittah or the Six Reliable Works Among these the Bukhari more fully the Jami of Muhammad Isma il al Bukhari undoubtedly holds the first place It is not only the first comprehensive collection of Hadith but also the most authentic one As a recent European writer rightly observes Bukhari undertook a research into the then prevalent Hadith with all the painstaking accuracy of a modern writer In addition to this in his faqahah or acumen Bukhari surpasses all other collectors of Hadith A translation of the Sahih Bukhari was undertaken about eight years ago by Mr Muhammad Asad an Austrian convert to Islam but at first owing perhaps to the lack of means as compared with the difficulties of the undertaking and later to his internment owing to the war only a fractional part of the work has been published Even if completed the work at a price of about Rs 120 could decorate only the shelves of big libraries and would not be accessible to the man in the street But really the Bukhari is every Muslim s need and it is this need that I have tried to fulfil by publishing the present work In A Manual of Hadith I have tried to give a compendium of the Sahih Bukhari so far as subjects relating to the practical side of a Muslim s life are concerned I have not touched the historical or prophetic portions of this great work as I considered this beyond the scope of a handy treatise In the arrangement of chapters too I have mainly followed Bukhari But as my object was to make this short treatise complete so far as the requirements of an ordinary Muslim are concerned I have freely drawn upon other collections of Hadith particularly that well known work called the Mishkat rendered into English by Matthews about the year 1870
