Meet the Author

Ernest Hemingway 1899–1961

Ernest Hemingway never considered his journalism as important as his fiction, but his journalism was admired anyway, particularly his war correspondence. Before he published his first stories and novels in the 1920s, he reported on European affairs for the *Toronto Star*. He covered the Greco-Turkish War of 1922, describing 20 miles of Greek refugees trudging through the rain. He also interviewed the fascist Italian dictator Benito Mussolini, calling him the “biggest bluff in Europe.”

Taking Sides in Spain By the 1930s, Hemingway had become a famous literary figure. He returned to war reporting in 1937 after civil war broke out in Spain, the country that he loved. Hemingway is perhaps most identified with this conflict, in which the right-wing army of General Francisco Franco (the Nationalists) fought against supporters of the left-wing elected government of Spain (the Loyalists or Republicans). This war was widely seen as a struggle against fascism, or dictatorial government. Many world writers, including Hemingway, were

sympathetic to the Loyalist side. These writers were greatly disheartened by Franco's eventual victory in 1939.

Celebrity Journalist Hemingway covered the war for the North American Newspaper Alliance (NANA), receiving the highest fee ever paid a war correspondent. His NANA dispatches have been called “a new style of reporting that told the public about every facet of the war, especially . . . its effects on the common man, woman, and child.” One of these dispatches, “A New Kind of War,” is considered classic.

Writer or Fighter? After World War II broke out, Hemingway once again became a war reporter, this time for *Collier's* magazine. He memorably described the D-day landing at Normandy, the liberation of Paris, and the Allied movement into Germany in 1944. His command of a French guerrilla band and his storage of weapons in his hotel room led him to be investigated for violating the Geneva Convention, which forbids journalists to take up arms. He was cleared of misconduct and later awarded a Bronze Star for his service as a war correspondent.

A New Kind Of War

Eugène Turpin

A New Kind Of War:

"**A New Kind of War**" Howard Jones, 1997-05-15 America's experience in Greece has often been cited as a model by those later policymakers in Washington who regard the involvement as a victory for American foreign policy. Indeed, President Johnson and others referred to Greece as the model for America's deepening involvement in Vietnam during the mid 1960's. Greece became the battlefield for a new kind of war, one that included the use of guerrilla warfare, propaganda war, in the shadows, terror tactics, and victory based on outlasting the enemy. It was also a test before the world of America's resolve to protect the principle of self-determination. Jones argues that American policy towards Greece was the focal point in the development of a global strategy designed to combat totalitarianism. He also argues that had the White House and others drawn the real lessons from the intervention in Greece, the decisions regarding Vietnam might have been more carefully thought out.

A New Kind of War. (Reprinted from "The Guardian"). Martha Gellhorn, 1966 [A New Kind of War](#) Anthony Price, 2012-09-06 By the CWA Gold Dagger award-winning author of *Other Paths to Glory*, **A New Kind of War** takes us back to the Greece and Germany of 1945 as the old kind of war comes to its official end. Why has David Audley broken the British-Greek truce? And furthermore, why did his brigadier order his actions? Is it just coincidence that Audley is surprised near Delphi by Captain Fattorini of the Royal Engineers? As a result of that unfortunate encounter, Fattorini finds himself in occupied Germany as the newest member of TRR 2, a special Intelligence unit engaged in a dangerous and brutal game. It is not until he at last meets Audley's mysterious brigadier that Fattorini learns the full truth about his own assignment in the ill-omened Teutoburg Forest.
