Deciding about Design Quality Leentje Volker,2010 In the past few years the image of tender procedures in which Dutch public clients selected an architect has been dominated by distressing newspaper headlines Architects fear that the current tender culture will harm the quality of our built environment due to a potential lack of diversity creativity and innovation in architectural design Due to potential risks clients often allow legal requirements to overrule their actual wishes This PhD research addresses the origin of the problems as currently experienced by public commissioning clients in architect selection and proposes pragmatic implications for future practice It is therefore of interest for commissioning clients management consultants policy makers and legal advisors but also for designers and researchers in the field of architecture and decision making

About Design Gordon Salchow,2018-10-02 A treatise on the development and practice of the graphic design discipline About Design offers an enlightening and opinionated albeit concise excursion concerning many facets of the field of design It emphasizes the discipline of graphic design while incorporating a taste of the author s makeup It is a definitive expansive observational and knowledge infused treatise that is expected to be particularly engaging for students and educators as well as for design practitioners However much of the content could tempt any readers who may be marginally inquisitive concerning visual art design and the web of creativity This informative and sometimes scrappy expedition is founded on the author s fifty five years entrenchment in design practice and higher education Consequently there are many pointed and sometimes novel perspectives but it is essentially grounded on the commonly acknowledged doctrines that exist within the field Some of the particular chapter topics deal with defining the elements of visual form an analysis of the concepts of aesthetics and creativity establishing some usable guidelines for effective designing outlining many factors that are involved with design education including a sketch of its history miscellaneous related subjects such as considerations of what makes something exceptional The aforementioned themes along with others are interspersed with interludes that challenge certain long held assumptions provide contextual references offer insights and suggest some fresh ways to analyze how we see choose inspire and do
