sector is one of the largest and most complex in sub Saharan Africa encompassing diverse crops regions actors and markets With agriculture contributing approximately 24% to the national GDP and employing over 70% of the rural workforce CBN nd the sector plays a central role in livelihoods food security and inclusive growth Within this sector agri food value chains constitute the connective tissue that links smallholder farmers processors traders input suppliers and consumers both within the domestic economy and across international markets Nigeria s agricultural output is predominantly driven by staple food crops such as maize rice and cassava while export oriented value chains like cocoa provide significant foreign exchange and economic diversification potential These chains vary widely in terms of modernization capital intensity and integration into digital financial services Staple crop chains are typically domestic facing and labor intensive offering high employment shares and deep linkages with poverty alleviation Export oriented chains although narrower in farmer reach tend to offer higher margins foreign earnings and exposure to quality standards and global market dynamics National gender profile of agriculture and rural livelihoods Food and Agriculture Organization of the United Nations,2023-08-07 In Angola around 80 percent of farmers are smallholders so the agriculture sector still represents an important source of income employment and food for a large part of the production Women constitute the majority of the labour force in agriculture and are critical agents of change in the fight against rural poverty hunger and malnutrition In Angola 4 8 million women live in rural areas and the 38 3 percent of the country s women have agriculture as their main activity However inequalities in access to land agricultural inputs training and knowledge limit their contribution to agricultural productivity and economic development At community level women have low participation in decision making Angola has made consistent efforts to address existing gender inequalities in the agriculture and labour sectors given the important role that women play in agriculture and the country s food systems Although gender mainstreaming in agriculture and rural development sectors is in its early stages in recent years progress has been made to benefit women more consistently This assessment revealed that gender inequalities remain widespread and particularly evident in rural areas despite the progress made in establishing a legal and policy framework for advancing women s rights and gender equality **Becoming Bikini Bodybuilders** Nina Michalikova,2023-10-16 Becoming Bikini Bodybuilders Challenges and Rewards of Ordinary Women Stepping on Stage offers an insight into the bikini category of natural female bodybuilding by revealing benefits and challenges experienced by ordinary women who decide to become bikini bodybuilders Nina Michalikova challenges prevailing misconceptions and shows that not all female athletes follow extreme training and dietary measures for prolonged periods of time to achieve their desired physique By highlighting the positive aspects of bikini bodybuilding this book breaks the stereotypes of a typical bikini competitor as a hyper sexualized woman with underlying health issues In addition to studying a little understood population of bikini athletes the study uses an innovative methodology to examine the topic **Food Chain Store Merchandising** ,1928 **National Wholesale Grocers' Association of the United States Special Bulletin** ,1930

Chain Store Age ,1928 *Shrimp value chains in Bangladesh: A scoping study of possible research interventions* Kabir, Razin Iqbal,Narayanan, Sudha,Belton, Ben,Hernandez, Ricardo,Haque, Mohammad Mahfujul,2023-09-22 Shrimp is Bangladesh s main agricultural export and makes a substantial contribution to the economy of southern Bangladesh but the sector has a checkered history Bangladesh s shrimp production and exports have been in steady decline since peaking in the early 2010 s Most shrimp exports from Bangladesh are used by the food service and niche ethnic markets in Europe The complex nature of shrimp supply chains in Bangladesh comprised of hundreds of thousands of small polyculture farms and tens of thousands of small traders make it difficult to implement traceability and certification initiatives now a prerequisite for entry into most supermarket supply chains This report provides an overview of the sector and the challenges it faces drawing on secondary and survey data reviews of government reports and academic literature We also report the findings of an expert consultation conducted to identify key constraints and potential solutions The consensus among industry stakeholders who were part of the expert consultations is that issues related to the supply and quality of shrimp seed and pond management practices represent some of the most pressing yet relatively simple to solve challenges currently faced by the sector This would serve as the foundation for establishing traceability and certification processes Previous interventions aimed at upgrading production practices such as promoting stocking of disease free shrimp seed and facilitating disintermediation and transparency in the supply chain such as by establishing producer groups shrimp collection centers and contracts with processors have met with limited success We outline potential interventions and partners that might offer scalable solutions enabling small shrimp farmers to access global markets **Gender in Agriculture Sourcebook** World Bank,2009 The Gender in Agriculture Sourcebook provides an up to date understanding of gender issues and a rich compilation of compelling evidence of good practices and lessons learned to guide practitioners in integrating gender dimensions into agricultural projects and programs The Sourcebook draws on a wide range of experience from World Bank Food and Agriculture Organization FAO International Fund for Agricultural Development IFAD and other donor agencies governments institutions and groups active in agricultural development **Editor & Publisher** ,1925 Proceedings of the Thirty-second Pugwash Conference on Science and World Affairs, Warsaw, Poland, 26-31 August 1982 ,1982 **Chain Store Progress** ,1929 **Food Packer and Canning Age** ,1924 **AB Bookman's Weekly** ,1999 Women's Work and Education ,1930 *Forward* ,1917 *Food for Thought* ,1948 **Bacon's Media Calendar Directory** ,1996
