## **Chairil Anwar The Poet His Language:**

Chairil Anwar: The Poet and His Language Boen S. Oemarjati, 2012-12-11      Chairil Anwar, the Poet and His Language Boen Sri Oemarjati, 1970      Chairil Anwar; the Poet and His Language Bun Sri Umarjati Slamet, 1972      **Chairil Anwar** Boen Sri Oemarjati, 1972      **The Voice of the Night** Chairil Anwar, 1993

Chairil Anwar 1922 1949 was the primary architect of the Indonesian literary revolution in both poetry and prose In a few intense years he forged almost single handedly a vital mature literary language in Bahasa Indonesia a language which formally came to exist in 1928 Anwar led the way for the many Indonesian writers who have emerged during the past fifty years This volume contains all that has survived of Anwar s writing It no longer needs the sort of introduction it did some thirty years ago when Burton Raffel first published English translations of Anwar s work Raffel now presents the complete poems and the small amount of surviving prose in new translations with new interpretations

**Sacred Language, Vernacular Difference** Annette Damayanti Lienau, 2024-01-09 How Arabic influenced the evolution of vernacular literatures and anticolonial thought in Egypt Indonesia and Senegal Sacred Language Vernacular Difference offers a new understanding of Arabic s global position as the basis for comparing cultural and literary histories in countries separated by vast distances By tracing controversies over the use of Arabic in three countries with distinct colonial legacies Egypt Indonesia and Senegal the book presents a new approach to the study of postcolonial literatures anticolonial nationalisms and the global circulation of pluralist ideas Annette Damayanti Lienau presents the largely untold story of how Arabic often understood in Africa and Asia as a language of Islamic ritual and precolonial commerce assumed a transregional role as an anticolonial literary medium in the nineteenth and twentieth centuries By examining how major writers and intellectuals across several generations grappled with the cultural asymmetries imposed by imperial Europe Lienau shows that Arabic as a cosmopolitan interethnic and interreligious language complicated debates over questions of indigeneity religious pluralism counter imperial nationalisms and emerging nation states Unearthing parallels from West Africa to Southeast Asia Sacred Language Vernacular Difference argues that debates comparing the status of Arabic to other languages challenged not only Eurocentric but Arabocentric forms of ethnolinguistic and racial prejudice in both local and global terms

**The Blue-Eyed Enemy** Theodore Friend, 2014-07-14 The Blue Eyed Enemy is a comprehensive account of the interwoven histories of the three major archipelago nations of the West Pacific during the years of the Second World War Theodore Friend examines Japanese colonialism in Indonesia and the Philippines as an example of recurring patterns of domination and repression in that region He depicts Japanese rule in Greater East Asia as expressive of the folly of the general who exhorted his troops to annihilate the blue eyed enemy and their black slaves At the same time he clearly shows where the return of Western power aimed at new links between conqueror and conquered or lords and bondsmen Throughout the work one encounters an infectious sympathy for those afflicted by imperialism and racism from whatever source at whatever time The book is based on documentary research in Japan Indonesia and the

Philippines as well as in the United States and the Netherlands and on over one hundred interviews with major actors and key observers of the era The analysis balances an eclectic use of social science perspectives with a humanistic concreteness and leads to new understanding of leaders like Sukarno and Hatta Jose P Laurel and Benigno Aquino Sr and Generals Yamashita and MacArthur As comparative tropical history it elucidates the contrasting cultural traditions and political psychologies of Indonesia and the Philippines and explains why 1945 was a year of dramatic contrast reoccupation and revolution for the first country and liberation and restoration for the latter Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**VKI ,1972 Spirit and Other Poems** Chairil Anwar,2019-10-25 Stylistically innovative Anwar s use of everyday Indonesian helped make that language more dynamic as it evolved in the postwar years Thematically his poetry is intense personal and emotional given to hope fury or anguish sober reflection or wild fervour playfulness or defiance The poems resist easy interpretation but are direct uncomplicated and expressive of their author s fierce individualism In just a few pages Anwar can provoke dismay seduce and energize it s not difficult to understand why he is still considered not only one of Indonesia s greatest poets but something of a national hero as well and a major influence down to the present generation of writers in the archipelago
