Challenge To Confirmands:

Rooting Your Teen in the Faith Kim Cameron-Smith,2023-01-03 While Catholic teens drifting away from the Faith is unfortunately an increasingly common occurrence it is not inevitable We as parents are uniquely qualified to lead our teens to a relationship with Christ During the difficult teenage years parents not youth ministers teachers or parish programs play a pivotal role in our children's faith development In *Rooting Your Teen in the Faith* family coach catechist author and mom Kim Cameron Smith empowers parents to shepherd their teens guiding them to discover their mission deepen their faith and discern the truth about their identity and purpose There is no perfect blueprint for evangelizing teenagers but there is the right relationship the parent child bond If we lean into our call to lead inspire free and transform our children by the end of the teenage years they will be equipped to respond to God's movements in their lives *Children and the Theologians* Jerome Berryman,2009-09 The long history of children in theology is told via analysis of some twenty five theologians grouped according to six historical periods Each account examines what a particular theologian thought about children and the experience it was based upon Four themes that have shaped our attitudes about children in the church emerge from this history ambivalence ambiguity indifference and grace The result of this study is to promote a healthier church which will respect and utilize the distinctive gifts of children In so doing theologians will be better able to help clear the way for grace in the postmodern church Catalog of Copyright Entries.
