USING WORDS APPROPRIATELY

Labels used in the thesaurus are most often used in the same way. If a word is most often used in a certain way, there is frequently some consistency. However, there is often similarity between old-fashioned and modern technical language, for example, and the distinction often varies from person to person. Also, a word may have a different meaning in different contexts, for example US slang.

This thesaurus is there as a guide to help you in your choice of the most appropriate word for any situation.
