Science And Technology In A Changing International Order Volker Rittberger, 2019-06-21 As part of its contribution to the 1979 United Nations Conference on Science and Technology for Development IUNCSTD the United Nations Institute for Training and Research jUNITAR organized an informal research group to assess various aspects of applying science and technology to development through the United Nations system This research group was constituted in early 1978 at the initiative of Dr Robert S Jordan former Director of Research at UNITAR and was headed by Professor Volker Rittberger a UNITAR Special Fellow One of the

activities of this group has been the production of a series of working papers on science and technology. These papers seek to provide preliminary analyses rather than definitive conclusions.
