Changing Life In Scotland Britain 1830-1930:

Changing Life in Scotland and Britain 1830-1930 R. Cameron, 1997-12 **Changing Life in Scotland and Britain, 1830-1930** Ronald Cameron, Charles Robertson, Christine Henderson, 1997 **Periodizing Secularization** Clive D. Field, 2019

Moving beyond the now somewhat tired debates about secularization as paradigm theory or master narrative Periodizing Secularization focuses upon the empirical evidence for secularization viewed in its descriptive sense as the waning social influence of religion in Britain Particular emphasis is attached to the two key performance indicators of religious allegiance and churchgoing each subsuming several sub indicators between 1880 and 1945 including the first substantive account of secularization during the fin de siècle A wide range of primary sources is deployed many of them relatively or entirely unknown and with due regard to their methodological and interpretative challenges On the back of them a cross cutting statistical measure of active church adherence is devised which clearly shows how secularization has been a reality and a gradual not revolutionary process The most likely causes of secularization were an incremental demise of a Sabbatarian culture coupled with the associated emergence of new leisure opportunities and transport links and of religious socialization in the church at home and in the school The analysis is also extended backwards to include a summary of developments during the eighteenth and early nineteenth centuries and laterally to incorporate a preliminary evaluation of a six dimensional model of diffusive religion demonstrating that these alternative performance indicators have hitherto failed to prove that secularization has not occurred The book is designed as a prequel to the author's previous volumes on the chronology of British secularization Britain's Last Religious Revival 2015 and Secularization in the Long 1960s 2017 Together they offer a holistic picture of religious transformation in Britain during the key secularizing century of 1880-1980

Pour Une Perspective Pluraliste Et Tolérante de L'enseignement de L'histoire Marc Ferro, Henry Frendo, Council of Europe, Council of Europe. Council for Cultural Co-operation, 1999-01-01 **The British National Bibliography** Arthur James Wells, 2001 A World History of Railway Cultures, 1830-1930 Matthew Esposito, 2020-01-03 This 4 volume collection is the first compilation of primary sources to historicize the cultural impact of railways on a global scale from their inception in Great Britain to the Great Depression Gathered together are over 200 rare out of print published and unpublished materials from archival and digital repositories throughout the world Organized by historical geography this first volume covers the United Kingdom *Whitaker's Books in Print*, 1998 **An Introduction to the Australian Novel 1830-1930** Barry Argyle, 1972 **The Bible and Modern British Drama** Mary F. Brewer, 2019-10-02 The Bible and Modern British Drama 1930 to the Present Day is the first full length study to explore how playwrights in the modern period have adapted popular biblical stories such as Abraham and Isaac Moses and the Exodus from Egypt and the life and death of Jesus for the stage The book offers detailed and accessible interpretations of the work of well known dramatists such as Christopher Fry Howard Brenton and Steven Berkoff alongside the work of writers whose plays have been neglected in recent criticism such

as James Bridie and Laurence Housman The drama is analysed within the context of changes in religious belief and practice over the course of the modern period in Britain comparing plays that approach the Bible from a traditional religious perspective with those that offer alternative viewpoints on the text including the voices of gay feminist black Jewish and Muslim dramatists In doing so the author offers a broad and in depth exploration that is grounded in current scholarship ranging from the past to present across boundaries of race and gender Ideal for students researchers and general readers interested in understanding how the Bible has served as an important source text for British playwrights in the twentieth and twenty first centuries The Bible and Modern British Drama shows how Bible based drama has been influential in creating and disseminating ideas of what constitutes a good life both on an individual and social level

Material Change Jan De Maeyer, Peter Jan Margry, 2021-12-17 The long nineteenth century c 1780 c 1920 in Western Europe saw an unprecedented rise in the production and possession of material goods The material culture diversified and led to a rich variety of expressions Dovetailing with a process of confessionalisation that manifested itself quite simultaneously material religion witnessed its heyday in this period from church buildings to small devotional objects The present volume analyses how various types of reform state societal and ecclesiastical that were part of the process of modernisation affected the material devotional culture within Protestantism Anglicanism and Roman Catholicism Although the contributions in this book start from a comparative European perspective the case studies mostly focus on individual countries in North West Europe namely Germany Belgium the Netherlands the United Kingdom Ireland Norway Sweden and Denmark The concept of material religion is approached in a very inclusive way The volume discusses amongst others parish infrastructures and religious buildings that are part of land and cityscapes but also looks into interior design and decorations of chapels churches monasteries cemeteries and educational charitable and health institutions It comprises the fine arts of religious painting and sculpture the applied arts and iconographic designs As far as private material culture is concerned this volume examines and presents objects related to private devotion at home including a great variety of popular devotional and everyday life objects such as booklets cards photographs and posters
