## **Changing Patterns In The Distribution Of Economic Welfare An Economic Perspective:**

*Changing Patterns in the Distribution of Economic Welfare* Peter Gottschalk, Bjorn A. Gustafsson, Edward E. Palmer, 1997-09-29 This 1997 book examines the income distributional experience of fifteen developed economies representing a wide range of social and economic strategies over the past two decades Experts from each of the countries have carefully documented the pattern of distributional change in individual earnings and household income in their countries and analysed the driving forces behind these changes Separate chapters are devoted to the experiences of Australia Canada the Czech Republic Finland France West and former East Germany Greece Hungary Ireland Israel Japan the Netherlands Sweden the United Kingdom and the United States The authors examine the effects on the inequality of household income of the development of individual earnings unemployment inflation public sector transfers and taxes and demographic changes

**Inequality and Economic Integration** Francesco Farina, Ernesto Savaglio, 2004-08-02 Internationally globalization and increased economic integration has impacted quality of life and individual well being Attempts to evaluate the impact on income dispersion from this process have been extremely controversial This key volume is the first real attempt to build up indices and a theoretical framework in order to deal with inequality of opportunity and to enable social and political institutions to monitor increasing disparities in well being and social exclusion It thoroughly examines the possible relationships between the recent acceleration in economic integration and inequality among persons and countries and will enable social and political institutions to monitor increasing disparities in well being and social exclusion The contributions to this volume cover various subfields of economics and examine both the negative and positive spillover effects of economic integration on individuals social groups and nations Since the impact of globalization on the most deprived people is multidimensional in nature the theoretical framework is extended to a multivariate context where several individual characteristics are simultaneously considered This original volume covers many important topics and features an impressive array of respected contributors As such it is sure to be an invaluable resource for postgraduates and professionals in the fields of political economy and economics

*Flat World, Big Gaps* United Nations, 2007-03 This publication sets out an empirical analysis of the impact of economic liberalisation and globalisation on inequality poverty and development including recent trends in economic growth income distribution and global inequalities and the comparative experiences of countries that have pursued different economic policies

**Inequality Beyond Globalization** Christian Suter, 2010 This volume debates the complex nature of the relationships between globalization social and economic transformations and growing inequalities Employing a global world historical and comparative perspective the 16 articles brought together in this volume deal with three central questions Firstly the question of the spatio temporal evolution and variations of growing inequalities secondly the relative importance of globalization as compared to other factors explaining growing inequalities and thirdly institutional variations of inequality dynamics and globalization impacts Christian Suter is
