**Changing Student Attendance Patterns: Challenges for Policy and Practice** Jacqueline E. King, Eugene L. Anderson, Melanie E. Corrigan, 2003-05-21 With data illustrating emerging attendance trends in student college attendance patterns this volume provides concise analysis and perspectives from experts in the field on how policymakers and institutions can accommodate student choices maintain academic integrity and promote student success [A Road Map for Improvement of Student Learning and Support Services Through Assessment](#) James Oliver Nichols, 2005 *John Dewey and the Future of Community College Education* Clifford P. Harbour, 2015-01-15 Honorable Mention 2016 PROSE Award

Education Theory Today community colleges enroll 40% of all undergraduates in the United States In the years ahead these institutions are expected to serve an even larger share of this student population However faced with increasing government pressure to significantly improve student completion rates many community colleges will be forced to reconsider their traditional commitment to expand educational opportunity Community colleges therefore are at a crossroads Should they focus on improving student completion rates and divert resources from student recruitment programs Should they improve completion rates by closing developmental studies programs and limiting enrollment to college ready students Or can community colleges simultaneously expand educational opportunity and improve student completion In *John Dewey and the Future of Community College Education* Cliff Harbour argues that before these questions can be answered community colleges must articulate the values and priorities that will guide them in the future Harbour proposes that leaders across the institution come together and adopt a new democracy based normative vision grounded in the writings of John Dewey which would call upon colleges to do much more than improve completion rates and expand educational opportunity It would look beyond the national economic measures that dominate higher education policy debates today and would prioritize individual student growth and the development of democratic communities Harbour argues that this in turn would help community colleges contribute to the vital work of reconstructing American democracy *John Dewey and the Future of Community College Education* is essential reading for all community college advocates interested in taking a more active role in developing the community college of the future

**College Students in the United States** Kristen A. Renn, Robert D. Reason, 2012-11-05 *College Students in the United States* accounts for contemporary and anticipated student demographics and enrollment patterns a wide variety of campus environments and a range of outcomes including learning development and achievement Throughout the book the differing experiences needs and outcome of students across the range of traditional 18 24 years old full time students and non traditional for example adult and returning learners veterans recent immigrants are highlighted The book is organized for use as a stand alone resource around Alexander Astin s Inputs Environment Outputs I E O framework

**History of Universities** Mordechai Feingold, 2004-04-08 Volume XIX 1 of *History of Universities* contains the customary mix of learned articles book reviews conference reports and bibliographical information which makes

this publication such an indispensable tool for the historian of higher education Its contributions range widely geographically chronologically and in subject matter The volume is as always a lively combination of original research and invaluable reference material

Creating a Culturally Inclusive Campus Barbara J. Hoekje, Scott G. Stevens, 2017-12-14 Colleges and universities increasingly recruit international students yet may lack the systems to foster these students academic success and identity as valued members of the campus community Sharing case studies of students and examples of innovative initiatives this book explores strategies and key recommendations for universities to re conceptualize their programs to better welcome and support international students Emphasizing the relational aspect of academic and campus life the authors provide a framework that supports students from initial contact through graduation Carefully researched and addressing issues of language engagement and culture Creating a Culturally Inclusive Campus offers universities innovative strategies for helping all students fulfill their academic goals while also contributing meaningfully to their school's global mission

Stem Models of Success J. Luke Wood, Robert T. Palmer, 2014-02-27 Community colleges are crucial for advancing U S STEM education serving 40% of undergraduates and nearly 30% of STEM majors They are key for non traditional students including underrepresented groups This book discusses innovative practices and programs to bolster STEM success in community colleges

Changing Student Attendance Patterns Ernst Benjamin, Jacqueline E. King, Jane V. Wellman, Sherry Lee Hoppe, Bruce W. Speck, Eugene L. Anderson, Thomas Ehrlich, Melanie E. Corrigan, 2003

How the Student Credit Hour Shapes Higher Education: The Tie That Binds Jane V. Wellman, 2003-08-21 The student credit hour SCH is truly the coin of the realm within the U S system of higher education Initially designed to translate high school course work it now measures everything from student learning to faculty workload It shapes how time is used and how enrollments are calculated and underpins cost and performance measures This American invention is one of the features that knit together our otherwise disparate system of higher education Yet the rationale for the metric has long since gone unexamined and the measure itself may be perpetuating bad habits that get in the way of institutional change in higher education The chapters in this book deconstruct the SCH credit hour and how it has come to be used in American higher education to examine whether it has become an obstacle to needed change It is a fascinating journey into the sociological evolution of the current organization and governance of American higher education This is the 122nd issue of the quarterly journal *New Directions for Higher Education*

**International Handbook of Higher Education** James J.F. Forest, Philip G. Altbach, 2008-01-18 This book provides a central authoritative source of reference on the most essential topics of higher education The *International Handbook of Higher Education* combines a rich diversity of scholarly perspectives with a wide range of internationally derived descriptions and analyses Chapters in the first volume cover central themes in the study of higher education while contributors to the second volume focuses on contemporary higher education issues within specific countries or regions Together these volumes provide a centralized easily accessible yet scholarly source of information

*Nontraditional College Attendance* Cecilia Ceja, 2005      **New Directions for Higher Education**, 1976      **Changing Student Attendance Patterns: Challenges for Policy and Practice** Jacqueline E. King, Eugene L. Anderson, Melanie E. Corrigan, 2003-05-21 With data illustrating emerging attendance trends in student college attendance patterns this volume provides concise analysis and perspectives from experts in the field on how policymakers and institutions can accommodate student choices maintain academic integrity and promote student success      **The Toolbox Revisited** Clifford Adelman, 2006 The Toolbox Revisited is a data essay that follows a nationally representative cohort of students from high school into postsecondary education and asks what aspects of their formal schooling contribute to completing a bachelor's degree by their mid 20s The universe of students is confined to those who attended a four year college at any time thus including students who started out in other types of institutions particularly community colleges      **Changing General Education Curriculum** James L. Ratcliff, D. Kent Johnson, Jerry G. Gaff, 2004-04-07 This issue is about changing the general education curriculum in big ways through significant reforms and more frequently incremental ways to accomplish purposes better connect with students better and provide a more engaging and intellectually and emotionally compelling common collegiate experience The chapter authors present the results of a recent national survey on changes in general education four case studies of institutions that have undertaken change how they did it what the constraints were and most important what the results were and discussions on achieving curricular coherence and the nature of change and how to bring it about This is the 125th issue of the quarterly journal *New Directions for Higher Education*      *Journal of the First-year Experience & Students in Transition*, 2013      *The School-to-college Transition* Patricia M. McDonough, 2004      **Bulletin of the American Association of Collegiate Registrars**, 2003 Includes proceedings of the association's annual convention      **Biracial and Multiracial Students** Paul Shang, 2008-10-13 Editors and contributors of this important work have designed it to meet the needs of student affairs professionals who have previously had few resources on which to draw in understanding the experiences and identities of mixed race students Within a multiracial framework the authors address the contemporary context for understanding racial issues on campus several approaches to identity developments experiences of students and faculty and student services programs and policy including a Canadian perspective A substantial amount of literature addresses developmental and service needs of monoracial students of color Asian and Pacific Islander Black Latino Native American Student affairs educators have observed an increase in the number of biracial and multiracial college students students who have parents from more than one federally defined racial or ethnic background such as Asian White Latino Black or Native White Latino According to data from the U S Census Bureau this population is only going to increase This volume is sure to become an indispensable resource for student affairs professionals serving the needs of this increasing student population This is the 123rd volume of the Jossey Bass quarterly report series *New Directions for Student Services* an indispensable resource for vice presidents of student affairs deans of students student counselors and other student
