by many a Liberal Catholic and though he most strongly repudiated that epithet he did admit in 1866 his enthusiastic agreement with the general line of thought of Montalembert and Lacordaire who gloried in the title of Liberal Catholic Later on came a phenomenon yet more surprising on the surface Such advocates of Modernism as Abbe Loisy and M Leroy claimed Newman s philosophical thought as being in line with their own speculations The fact is that labels and watchwords are constantly so inadequate as to be quite misleading Not all opponents of Liberalism have been illiberal All Newman s earlier career emphasized his opposition to Liberalism His later years brought in evidence his true liberality Newman was never a Modernist but he was keenly alive to the changes of outlook wrought by the thought and research of modern days One side of his thought was emphasized at Oxford another was developed in his later Catholic life And the change was brought about by the circumstances in which these lectures were written About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
