

Native Science

The background of the book cover is a vibrant, abstract illustration. It features a deep blue and black space-like background with a bright, glowing blue and white nebula or starburst in the upper right. A prominent, multi-colored diagonal beam of light, resembling a rainbow or a comet tail, stretches from the top right towards the center. In the lower foreground, two stylized human figures are depicted. The figure on the left is wearing a dark, hooded garment and a red sash, looking upwards. The figure on the right is wearing a blue and black patterned garment and a red sash, also looking upwards. The overall composition suggests a connection between indigenous knowledge and modern science.
