Discubing Hitler:

Hitler's Mind Edleff H. Schwaab,1992-03-30 This book is the most up to date comprehensive analysis of Hitler written by a psychologist Going beyond the reliance on a Freudian interpretation of Hitler s personality Schwaab employs his knowledge of abnormal psychology to penetrate the paranoid world of Hitler and to demonstrate the depth of his mental disturbance The analysis is framed by a poignant personal reflection on Schwaab s experiences and those of his father who was first a follower of Hitler and later one of those who attempted to assassinate him growing up in Nazi Germany and an afterword in which the meaning of Nazism is placed in the context of contemporary developments in a reunited Germany

Explaining Hitler Ron Rosenbaum,2014-07-08 In *Explaining Hitler* Ron Rosenbaum investigates the meanings and motivations people have attached to Hitler and his crimes against humanity What does Hitler tell us about the nature of evil In often dramatic encounters Rosenbaum confronts historians scholars filmmakers and deniers as he skeptically analyzes the key strains of Hitler interpretation A balanced and thoughtful overview of a subject both frightening and profound this is an extraordinary quest an expedition into the war zone of Hitler theories a provocative work of cultural history that is as compelling as it is thoughtful as readable as it is smart New York Times First published in 1998 to rave reviews *Explaining Hitler* became a New York Times bestseller This new edition is an update of that classic and a critically important contribution to the study of the twentieth century s darkest moment

Explaining Hitler Ron Rosenbaum,1999-06-09 An extraordinary expedition into the war zone of Hitler theories

The Pursuit of the Nazi Mind Daniel Pick,2012-06-14 The story of how psychoanalysis was used in the war against Nazi Germany in the crucial quest to understand the Nazi mind Daniel Pick brings both the skills of the historian and the trained psychoanalyst to weave together the story of clinical encounters with leading Nazis and the Allies broader interpretations of the Nazi high command and the mentality of the wider German public who supported them Following the bizarre capture of Hitler s deputy Rudolf Hess in 1941 Pick follows closely the story of how leading British psychiatrists assessed their new charge in an attempt to understand both the man himself and the psychological bases of his Nazi convictions At the same time he uncovers the story of how a team of American officers working for the OSS the forerunner of the CIA were engaged in an attempt to understand Hitler s personality from afar using the theories and techniques of Sigmund Freud Drawing upon a large cache of archives on both sides of the Atlantic Pick asks what such psychoanalytical and psychiatric investigations set out to do showing how Freud s famous talking cure was harnessed to the particular needs of military intelligence during the war and the task of post war reconstruction that followed Looking beyond this he then shows just how deeply post war Western understandings of how minds work and groups operate were influenced by these wartime attempts to interpret the psychopathology of Nazism

Hitler's Tyranny Ralf Georg Reuth, 2022-11-28 A fresh stimulating look at Adolf Hitler and his dictatorship throughout the study of ten key aspects Hitler's tyranny is still difficult to understand today In this book Ralf Georg Reuth examines ten aspects of this catastrophe Among other things he asks Was anti-Semitism more pronounced in Germany than elsewhere Was Versailles really responsible for Hitler's rise and why did the Germans follow a racial fanatic like him How did his war differ from all others before it The disturbing answers provide an overall picture that shows Hitler was not the consequence of the depths of German history but the result of chance deception and seduction This thought provoking new study takes aim at several of the norms of Hitler scholarship from the past forty years Reuth interrogates and challenges a range of orthodox views on such topics as how mainstream politicians facilitated Hitler's rise to power the Führer's infamous pact with Stalin and the complicity of ordinary Germans in his genocidal tyranny Eschewing a conventional chronological approach in favor of a forensic analysis of Hitler's mainsprings of action both as chancellor and military commander Reuth portrays Hitler as the apotheosis of what he argues is a specifically German strain of militarism and imperialism shifting the focus firmly back to the mindset and modus operandi of Hitler himself The portrait that emerges is one of a murderous fantasist and political opportunist driven by an all embracing ideology of racial superiority Reuth's account courts controversy on a number of points and offers a fascinating counterpoint to much recent scholarship

[The Rise and Fall of Adolf Hitler](#) William L. Shirer, 2013-04-18 A concise and timely account of Hitler's and fascism's rise to power and ultimate defeat from one of America's most famous journalists American journalist and author William L Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler's mounting influence His most definitive work on the subject *The Rise and Fall of the Third Reich* is a riveting account defined by first person experience interviewing Hitler watching his impassioned speeches and living in a country transformed by war and dictatorship Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience This account loses none of the immediacy of *The Rise and Fall of the Third Reich* capturing Hitler's ascendance from obscurity the horror of Nazi Germany's mass killings and the paranoia and insanity that marked the Führer's downfall This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history For nearly 100 years William L Shirer has spoken to us of fascism Nazis and Hitler He tells the unvarnished truth as he experienced it I figured this school type book wasn't going to tell me anything new But when I started reading I realized that I wasn't reading for the facts anymore I listened to his story and heard the urgency in his voice a voice from nearly 60 years ago telling us the truth about today Daily Kos

King,Adolf Hitler,2016-07-29 206 Pages 500

Illustrations The following interview though obviously a fictional event accurately portrays what the ghost of Adolf Hitler would say in his defense if he could be interviewed today His answers to WCBC talk show host Ogre Winfield s questions are mostly based upon an extensive and careful reading of his writings and speeches from 1921 1945 as well as those of his inner circle and others who knew him and survived the war One is at liberty to reflexively dismiss the veracity or accuracy of Hitler s version of events if one so chooses However what cannot be disputed is this Hitler s responses to Ogre s questions truly represent what he would say if such an interview could take place Indeed some of Hitler s answers are direct quotes taken from his own speeches and writings So if Hitler s account does not please you take it up with him In regard to the fictional Ogre s reaction admittedly artistic license was taken there But as for the portrayal of Hitler s point of view there can be no dispute If such a made for TV event were possible it would surely be the most watched show in broadcast history You know you would watch it Now here is your chance Don t let the whimsical setting of Interview with Hitler distract you too much for this is utterly serious and scholarly history For a more in depth and fully sourced understanding of World War II *The Bad War* also by M S King is recommended as a companion book to Interview with Hitler Enjoy the show *Hitler Is No Fool (Classic Reprint)* Karl Billinger, 2015-07-14 Excerpt from *Hitler Is No Fool* Today after more than six years of feverish activities Nazi Germany is still a mystery to the man in the streets of America To him the Third Reich appears as a one man show He resents a social order built upon terror and fear and is indignant when he reads about Jewish pogroms threats of invasion and conquests of weak countries But he is at an utter loss to explain the miraculous career of the Austrian housepainter He might perhaps pity the German people But the longer he sees them ruled by a fool or a madman the more will his pity change into contempt the more will his feeling grow that the Germans after all deserve a Government which they apparently are not able or even willing to overthrow For this man in the street the present book is written It wants to acquaint him with the chief exponent of German fascism with his ideas and plans and moreover with the forces he represents The best way of doing it might still be to go back to the most authoritative source Hitler s own book The world would have been spared much guessing about the essence and aims of the National Socialist regime had it taken the trouble to study the Fuehrer s work carefully History has seldom offered the opportunity of learning from a dictator himself his most guarded designs before he has been able to carry them out But how are we to know that Hider who has told so many lies broken so many promises and violated so many solemn treaties did not veil and distort the truth in his book About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The**
