Kleissler, Margo A. LeBert, Mary C. McGuinness, 2003 This revised and updated edition of *Small Christian Communities A Vision of Hope for the 21st Century* is a rich source of practical information about how to make the vision of the parish as a community of many small communities come alive **Hermeneutical Community** C. S. Barefoot, 2024-12-23 Many Western initiatives exist for theological development in the majority world but how often do practitioners from the West pause to examine the role they should play in that endeavor Missions history and church history have revealed inadequacies of imposing foreign theology on local churches yet the alternative of withdrawing from local theological development appears equally problematic If therefore the outsider's role is neither to impose theology nor withdraw from the task then what is his or her role Hermeneutical Community addresses this fundamental question and seeks to lay a sound missiological foundation for local theological development **Small Christian Communities Today** Joseph G. Healey, Jeanne Hinton, 2005 How can churches in America modeling the oldest Christian communities renew themselves from within They can look to examples of thriving small Christian communities within their own country and throughout the world This inspiring book shows what is happening now across six continents to give pastors and lay leaders of every denomination encouragement through useable examples from their counterparts around the world **The Challenge of Basic Christian Communities** Sergio Torres, 1988 *Theologies of the Non-Person* M.P. Joseph, 2015-10-07 The Ecumenical Association of the Third World Theologians illuminated the struggles of liberating the poor and sought to do theology with the marginalized seeking freedom gender co responsibility and racial and ethnic equality This book offers an interpretative history of the formative years of this historic movement *The Vitality of Liberation Theology* Craig L. Nesson, 2012-09-06 *The Vitality of Liberation Theology* argues for the ongoing necessity of a liberating theology in a world of endemic poverty and economic globalization Although some have declared liberation theology's demise or even its death Nesson articulates the imperative and logic of it for a new generation Latin American liberation theology burst forth as the most original and compelling theological movement from the developing world in the modern period The story of the emergence and proliferation of liberation theology as well as the opposition to this movement both within and without Latin America is one of the most significant and lasting developments in Christianity since the last third of the twentieth century Together with other forms of liberating theology from contexts of oppression in diverse parts of the world anti apartheid theology in South Africa and Namibia Minjung theology in Korea Dalit theology in India or Palestinian liberation theology Latin American liberation theology takes a prophetic stand against the

hegemony of the status quo and joins league with other subaltern peoples in the cause of freedom from all forms of subjugation and oppression The dawn of Latin American liberation theology inaugurated a new era in the global theological landscape

The Challenges of Vatican II for an Authentic Indian Catholic Church Suhas Pereira,2021 The Vatican II was an event of a new facelift for the entire edifice of the Catholic ecclesiology It called for the renewal in the universal Catholic Church This book deals with the question How can the Catholic Church in India accept the council's challenge for renewal and become truly Indian in its being and essence Undertaking a systematic examination of the post conciliar ecclesiological development in the Indian Catholic Church in its existential multi religious and multi cultural context the author attempts to develop an ecclesiological reflection for the Indian context
