Implementing Education Policies Jonathan D. Jansen, Yusuf Sayed, 2001 For the first time in South Africa a critical dialogue has been recorded between government policy makers and academic researchers on the subject of education policy and practice *Implementing education policies* attends to problems politics and possibilities of implementing the policy goals of the first post apartheid government established in 1994 The value of this book lies in several insider accounts of the policy process told through the voices of the legislators politicians and bureaucrats concerned with steering national value commitments through the education system Running parallel to these practitioner accounts lie a number of critical analyses of the technical capabilities and political designs that explain the trajectory of education reform in the 1990s The dialogue brings together in a developing country context different experiences and analyses of one of the most intractable problems facing all national education systems the persistent gap between policy ideals and practical realities This volume is essential reading for all academics and students of education at higher education institutions as well as teachers researchers and policy makers

Enduring Themes in Educational Change David A. Escobar Arcay, 2017-03-16 Potential and novice graduate students researchers educators and reformers may find themselves bewildered and perplexed by the vast changes in public education They may just want to briefly know the core concepts They may also need to use the language in order to be able to articulate its major issues Whatever the case the work of authorities in the field of educational change facilitates the conceptual landscape that can enable one's entry into the fundamental concepts that sustain this flourishing field Here is a close and descriptive reading of some of the foundational works of one of these authorities in the field of educational change the Canadian scholar and theorist of educational change Michael Fullan who has certainly helped many make sense of the complexity of the educational change process David A Escobar Arcay offers here a brief but substantive description of the multiple themes and issues located within a particular and limited time period of the corpus of this authority in the hopes of engaging in an introductory manner the exciting and ever expanding and unfolding field of educational change Read it and be equipped to engage in the ongoing and larger discussions about the change process and its core participants theories and issues
