There is Power in the Tongue: Change Your Words, Fulfill Your Destiny: Dr Olusola Coker, 2018-04-18 The tongue is a power part of the body In terms of size that can be seen the size of the tongue is relatively small The weight of tongue in the male is averagely 70 grams while in the female is about 60 grams However the tongue has potential to do great and mighty things It has a deep connection with the human heart That is to say beyond physical anatomy of the tongue there is more about the spiritual effect of the tongue As the spirit world supersede the physical so is the spiritual effect of tongue goes beyond the physical structure of it Yes there is power in the tongue your tongue is so powerful that it can improve or destroy your entire life A lot of people ended their life in the prison yard because of the way they use their tongue despite the fact that they are innocent Many people passed to the great beyond untimely because of the use of the tongue Employment seekers fail interview because of the way they use their tongue The tongue is so powerful that it can destroy a whole nation it can cause war in between two countries According to the book of Ephesians 4 29 Do not let any unwholesome talk come out of your mouths but only what is helpful for building others up according to their needs that it may benefit those who listen The tongue has the capacity to determine what you become and you will not God the Almighty Creator of all things understood the potent weapon called tongue this by placing tongue in a double jail the lips and the teeth The only way the tongue exhibit its potency is through spoken word Have you ever wondered why God kept tongue in such prison I feel it simply because He wants the individual to be responsible for the use of his or her tongue Lest one say I never knew when I said such Therefore every man is responsible for letting the tongue out of the double prisons When you take time to look at the story of creation the world we see and all the beautiful things that are in it were created by the spoken word of the Almighty Hence you will understand the power given to the instrument or tool through which words are spoken As I have stated earlier the tongue is deeply connected to the human heart Your tongue is just a faithful representative of

your heart Your tongue is the painter which gives the picture of the state of your heart Where you are and where you will reach in life are both functions of how you use your tongue Have you ever desired to change your status Perhaps you have been wondering how you can get out of that predicament and you are wondering where to start You need not look far start by watching the use of your tongue Your status is as good as the way you use your tongue Of course I admit that it s difficult for a natural man to put in check the use of the tongue This is due to his state of heart Be that as it may if you will ever see any improvement or advancement it is high time you started changing your vocabularies Form negativity to positive words From the story of woes to good news From murmuring to giving thanks from cursing to blessing Though many people through ignorance carelessly use this lethal weapon and thereby limit themselves and destiny of people around them This book seeks to reveal to you the potency force behind the use of tongue as well as how you can begin to use this faithful servant to create the world you desire
