

A hand holding a silver remote control points towards a television set. The television screen displays the flag of Russia (white, blue, and red horizontal stripes) with the word "PROPAGANDA" written in large, white, capital letters across the blue stripe. The TV is placed on a wooden surface within a grey cabinet. The background consists of grey cabinet doors with silver handles.

PROPAGANDA

Channels Of Propaganda

Donald Victor Schwartz

Channels Of Propaganda:

Channels of Propaganda J. Michael Sproule, 1994 New Perspectives on State Socialism in China Timothy Cheek, Tony Saich, 2016-12-05 Placing Chinese Community Party history in the realm of social history and comparative politics this text studies the roots of the policy failures of the late Maoist period and the tenacity of the CCP **Maoist Laughter** Ping Zhu, Zhuoyi Wang, Jason McGrath, 2019-08-01 WINNER 2020 Choice s Outstanding Academic Title During the Mao years laughter in China was serious business Simultaneously an outlet for frustrations and grievances a vehicle for socialist education and an object of official study laughter brought together the political the personal the aesthetic the ethical the affective the physical the aural and the visual The ten essays in Maoist Laughter convincingly demonstrate that the connection between laughter and political culture was far more complex than conventional conceptions of communist indoctrination can explain Their sophisticated readings of a variety of genres including dance cartoon children s literature comedy regional oral performance film and fiction uncover many nuanced innovations and experiments with laughter during what has been too often misinterpreted as an unrelentingly bleak period In Mao s China laughter helped to regulate both political and popular culture and often served as an indicator of shifting values alliances and political campaigns In exploring this phenomenon Maoist Laughter is a significant correction to conventional depictions of socialist China Maoist Laughter brings together prominent scholars of contemporary China to make a timely and original contribution to the burgeoning field of Maoist literature and culture One of its main strengths lies in the sheer number of genres covered including dance traditional Chinese performance visual arts film and literature The focus on humor in the Maoist period gives an exciting new perspective from which to understand cultural production in twentieth century China Krista Van Fleit University of South Carolina An illuminating study of the culture of laughter in the Maoist period Focusing on much neglected topics such as satire jokes and humor this book is an essential contribution to our understanding of how socialist culture actually worked as a coherent dynamic and constructive life experience The chapters show that traditional culture could almost blend perfectly with revolutionary mission Xiaomei Chen University of California Davis Summary of Lectures and Discussions of the Short Course in Public Relations American Council on Public Relations, 1940 Groceries, 1926 Strategic Denial and Deception James Wirtz, 2017-09-29 Does foreign denial and deception threaten the interests of contemporary democracies Strategic denial and deception D Conditions Making for Success and Failure of D Conditions Making for Success and Failure of D Conditions Making for Success and Failure of D Arms Control by Lynn M Hansen and Prescription Detecting Deception Practice Practitioners and Theory by Barton Whaley and Jeffrey Busby While there are previous books about celebrated D D cases from Troy to Pearl Harbor and D Day no work attempts to assess how these instruments o The Autonomy of Literature at the Fins de Siècles (1900 and 2000) G. J. Dorleijn, Ralf Grüttemeier, Liesbeth Korthals Altes, 2007 The autonomy of the arts and literature is a central issue in the current debate on the crisis in contemporary culture In this debate the

tension between two conceptions of art conceived as autotelic or as serving social ethical ideological or commercial ends plays a key role For literature two periods are particularly interesting in this respect the period around 1900 and the turn of the millennium The former is considered to witness the consecration of the autonomy of the arts with respect to morality or social utility and of its prestige as high art against the background of compelling countermovements such as the Arts and crafts movements or socialist art The second period on the other hand has been analysed as displaying in post modern Western cultures an opposite tendency towards deautonomization High literature and art are deemed to have lost their ideological and moral autonomy their aesthetic superiority and their independence with respect to commercial interests The essays in this volume investigate these often strategic claims and conceptions taking into account the social political and institutional contexts in which they are articulated To analyse the issue of the autonomy of literature offers incisive insights into conflicting standpoints about the function of literature in society revealing its connection to law social responsibility gender and political national and religious identities Combining in an often innovative way institutional historical and hermeneutical approaches the collected essays intend to shed new light on the historical and national specifics of the debate about the function of literature Adaptations of Social Control Theory in the Soviet Union Donald Victor Schwartz,1969

Ideology And Influence Michael Davis,AI,2025-02-21 Ideology and Influence examines how ideologies gain traction by exploring the link between narratives and propaganda It delves into the psychological vulnerabilities that make people susceptible to influence and how cultural contexts allow narratives to root providing insights for understanding persuasion in today s society The book highlights how propaganda manipulates psychological needs and uses existing cultural values to create shared identity leading individuals to internalize beliefs deeply The approach dissects ideological narratives and propaganda strategies from rallies to subtle cultural techniques It emphasizes that effective propaganda doesn t just inform it leverages psychological vulnerabilities Beginning with theoretical frameworks like cognitive dissonance and social identity theory the book progresses through case studies to explore societal implications Case studies from diverse contexts illustrate how propaganda mobilizes support while the book also considers practical implications for critical evaluation and resisting manipulation It offers insights into fostering media literacy and informed public discourse **The Mayor's Committee on National Defense** New York (N.Y.). Mayor's Committee on National Defense,1919
