Discourse And Social Change:

Discourse and Social Change Norman Fairclough, 1993-06-07 Now available in paperback this book is a critical introduction to discourse analysis as it is practised in a variety of different disciplines today from linguistics and sociolinguistics to sociology and cultural studies The author shows how concern with the analysis of discourse can be combined in a systematic and fruitful way with an interest in broader problems of social analysis and social change Fairclough provides a concise and critical review of the methods and results of discourse analysis discussing the descriptive work of linguists and conversation analysts as well as the more historically and theoretically oriented work of Michel Foucault He develops an original framework for discourse analysis which firmly situates discourse in a broader context of social relations bringing together text analysis the analysis of processes of text production and interpretation and the social analysis of discourse events Discourse and Social Change Norman Fairclough, 2002 *Power and Organizations* Stewart R Clegg, David Courpasson, Nelson Phillips, 2006-06-29 A marvelous addition to the literature on both organizations and power It is well grounded in the research on these topics and especially the wide range of relevant theorizing The book is terrific at bringing together theory research and the world of organizations George Ritzer Distinguished University Professor University of Maryland This book tirelessly illuminates the nooks and crannies of the power literature taking readers on an audacious tour of power's multiple conceptualizations and expressions Hugh Willmott Diageo Professor of Management Studies University of Cambridge Clegg and his associates expose the power dynamics that lie at the heart of all political and organizational arenas and in so doing they shed light on the underbelly along with the creative potentialities in organizational life Joyce Rothschild Professor of Sociology Virginia Polytechnic Institute and State University Strange but true most studies of organizational hierarchies downplay the issue of power or uncritically assume more is better while ignoring its pernicious effects Stewart Clegg David Courpasson and Nelson Phillips set the record straight Joanne Martin Merrill Professor of Organizational Behavior and by courtesy Sociology Stanford University Graduate School of Business Stanford In this tour de force Stewart Clegg David Courpasson and Nelson Phillips provide a comprehensive account of power and organizations unlocking power as the central relation of modern organizations and society The authors present an excellent synthesis of organization social and political theory to offer an overview of power and organizations that is historically informed addresses current issues and is comprehensive in scope *Power and Organizations* reviews the evolution of theories on power and organization presenting not only the theorists who identify power as positive but also dealing with the negativity of power and the real horror of which organizations are capable which has thus far been underplayed in organization theory At the core of organizational power projects are organizational elites whose politics and projects are examined extensively in the book The book concludes by examining the implications for organizations and their elites of the trends tendencies and theories considered in the course of the book This book is required reading for graduate students and researchers in areas

such as organizational social and political theory *Social Attitudes in the Early 21st Century* Chau-kiu Cheung,2025-09-22 This book is to present a review and new research findings to upgrade the understanding of social attitudes Social attitudes in the contemporary era are valuable and necessary for a better understanding using the analytical functionalist framework The attitudes are a person's association of oneself with social objects The association can be the maintenance of acceptance confidence favor justification or trust These objects are socially relevant or visible that is among people or society This understanding means explaining predicting and evaluating social attitudes in a general person in the current world concerning their causes or predictors The concern is to clarify what influence and predict social attitudes and why the influences and predictions occur and as such evaluate the goodness of social attitudes notably their promotion or early intervention Differentiating the influences and predictions for China and the United States is crucial for the current bipolar world **The Epistle of James** James D. Dvorak,Zachary K. Dawson,2019-07-25 The Epistle of James is a collection of essays that applies to the book of James linguistic methods of analysis that are based on the same theoretical framework namely Systemic Functional Linguistics This volume is unique in that it provides a theoretically consistent and unified approach to a single New Testament book which makes the whole volume useful for researchers and students of James Each essay makes its own creative use of this linguistic perspective to engage important critical questions and to pave new ground for Jacobean scholarship based on linguistic analysis Various topics in this volume include the textual structure and cohesion of the letter intertextuality rhetorical strategies ideological struggle interpersonal relations and other topics related to the letter's social context and language use Language and Globalization Norman Fairclough,2007-01-24 Language and Globalization explores the effects of language in the processes of globalization Norman Fairclough adopts the approach of combining critical discourse analysis with cultural political economy to develop a new theory of the relationship between discourse and other dimensions of globalization Using examples from a variety of countries such as the USA Britain Romania Hungary and Thailand Language and Globalization shows how the analysis of texts can be coherently integrated within political economic analysis Fairclough incorporates topical issues such as the war on terror and the impact of the media on globalization into his discussion Areas covered include globalization and language review of academic literature discourses of globalization the media mediation and globalization globalization war and terrorism This book will be of interest to students and researchers in applied linguistics language and politics and discourse analysis *A Critical Public Relations Approach to Crisis Communication and Management* Huabin Wang,2022-10-19 This book proposes a critical public relations approach to analyzing crisis communication with Malaysia Airlines flight 370 MH370 disappearance 2014 2018 as a case study It examines the discursive process of Malaysia's crisis response and image building tracing Malaysia Airlines during the immediate response and the Malaysian establishment until the official suspension of the underwater search The study features a critical discourse analysis of 84 national media texts and 85 response statements focusing on three aspects the

national media representations of Malaysia's image the national carrier and the government's rhetorical strategies of delivering stances and actions and the dynamic process of image reconstruction and national recovery The present project contributes to the current research area by integrating both linguistic and public relations perspectives and more importantly by highlighting the ideological impact instead of merely behavioral effectiveness in modern communication research Target readers may find their interest in corporate crisis communication critical inquiry about political public relations and the MH370 incident in general

Social Changes in England in the Sixteenth Century as Reflected in Contemporary Literature Edward Potts Cheyney, 1895 *Communicating with the World* Lihua Liu, 2022-12-30 This book analyses the creation and dissemination of discourse in China while examining how its media and the people interact and communicate with the rest of the world It explores the interplay between language meanings social practices culture and politics in the processes of discourse generation The book critically studies intercultural communication and Chinese discourse models at the national institutional and individual levels and the different modes of interaction between China and the world With the help of several case studies the book analyses reports from the People's Daily interpersonal meaning in promotional videos and advertisements in China rhetoric in the editorials of China Daily and the representation by international media like The Associated Press and The New York Times to explore differences between Chinese and the Western media reporting the same event It also looks at the complex models through which the Chinese people both as individuals and as a collective communicate with and gain an understanding of the rest of the world Rich in empirical case studies this book will be an essential read for scholars and researchers of Chinese Studies communication studies media and cultural studies international relations and political communication

The Discursive Construction of Veganism Mario Leto, 2026-03-05 Highlights stories of veganism through a variety of linguistic constructions and rhetorical devices which can be used for vegan advocacy in the interest of ecology and the natural world [Generation, Discourse, and Social Change](#) Karen R. Foster, 2013 Just what is a generation And why if at all does it matter This book asks what generation means to ordinary people arguing that generation is real and it matters but not in the ways that we think Generations are not groups of people who can be categorized and attributed with static immutable and universal characteristics nor are they reducible to cohorts as is the tendency in much social research Rather the book reveals generation to be a social phenomenon and a mechanism of social change as a constellation of ideas and discourses that explains what happens when ideas and ideals collide and why some discourses flourish and take hold at particular times [Handbook of Pragmatics](#) Jef Verschueren, Jan-Ola Östman, Jan Blommaert, Chris Bulcaen, 2003 This encyclopaedia of one of the major fields of language studies is a continuously updated source of state of the art information for anyone interested in language use The IPrA Handbook of Pragmatics provides easy access for scholars with widely divergent backgrounds but with convergent interests in the use and functioning of language to the different topics traditions and methods which together make up the field of

Pragmatics broadly conceived as the cognitive social and cultural study of language and communication i e the science of language use The Handbook of Pragmatics is a unique reference work for researchers which has been expanded and updated continuously with annual installments since 1995 It is also available online *Language and Power* British Association for Applied Linguistics.
