Caste System:

Caste system and case studies # indian_society Bhaskar Pandey,2019-10-15 The caste system in India is the paradigmatic ethnographic example of caste It has origins in ancient India and was transformed by various ruling elites in medieval early modern and modern India especially the Mughal Empire and the British Raj It is today the basis of educational and job reservations in India The caste system consists of two different concepts varna and jati which may be regarded as different levels of analysis of this system The caste system as it exists today is thought to be the result of developments during the collapse of the Mughal era and the rise of the British colonial regime in India The collapse of the Mughal era saw the rise of powerful men who associated themselves with kings priests and ascetics affirming the regal and martial form of the caste ideal and it also reshaped many apparently casteless social groups into differentiated caste communities go through the book you can have a piece of very deep knowledge about caste and politics past and till date

Western Foundations of the Caste System Martin Fákrek,Dunkin Jalki,Sufiya Pathan,Prakash Shah,2017-07-07 This book argues that the dominant descriptions of the caste system are rooted in the Western Christian experience of India Thus caste studies tell us more about the West than about India It further demonstrates the imperative to move beyond this scholarship in order to generate descriptions of Indian social reality The dominant descriptions of the caste system that we have today are results of originally Christian themes and questions The authors of this collection show how this hypothesis can be applied beyond South Asia to the diasporic cultures that have made a home in Western countries and how the inheritance of caste studies as structured by European scholarship impacts on our understanding of contemporary India and the Indians of the diaspora This collection will be of interest to scholars and students of caste studies India studies religion in South Asia postcolonial studies history anthropology and sociology
