Fireflies Philippe Parreno, 2019. Generally known for his installation work encompassing sculpture, video, and soundscapes, Fireflies focuses wholly on Parreno's lesser-known drawings. The drawings collected here showcase a delicate personal touch as they were created while Parreno was ill with cancer and were sent to his friends. In Parreno's drawings, the fireflies' light is often created by an absence of darkness or pigment. This striking contrast perfectly encapsulates the bioluminescent glow emanating from the insect's abdomen. The book is edited by Hans Ulrich Obrist, artistic director of the Serpentine Galleries. An interview with the artist by Obrist and an essay by Belgian
